SELLER TEST DATA REQUIREMENTS PARAMETRIC DATA

Seller is required to provide a copy of the Manufacturer's **parametric** (read and record) test data for the Manufacturer's acceptance testing for each lot of microcircuits and semiconductors shipped on this purchase order. Test parameters and test conditions (ambient, high and low temperatures) will be per the Manufacturer's specification sheet. The data shall be in the Manufacturer's format and shall clearly indicate the part number and date code of the parts tested.

The test data and a copy of the specification sheet shall be included with each part number lot shipment.
