

LOT/DATE CODE AND CAGE IDENTIFICATION

Seller's packing sheet and/or Seller's certificate of conformance shall include, identifiable to each contract line item, the following information:

- 1) Manufacturer's Commercial and Government Entity (CAGE) identification number
If manufacturer does not have a CAGE identification number, Seller shall include manufacturer's name and address.
- 2) Lot/date code

Seller shall ensure that unit packing and intermediate containers of Goods are identified with the required information noted above. Seller shall not commingle Goods with more than one lot/date code at the unit packing level.
