

IDS Terms and Conditions – Quality Clauses
Section Q

Clause Number: Q218
Effective Date: 04/21/2004

Metallic - Materials Acceptance Testing – Canoga Park

Prior to shipment of materials/product, Seller shall use D1-4426 Approved Process Sources (laboratories) in accordance with specification, RC5166, entitled, “Supplier Material Verification Requirements”.

Seller shall submit all related material certification(s) and testing data via Supplier Portal system. If Seller does not have access to said system, Seller shall contact Buyer for registration and access privileges.

Seller shall ship materials/product only after receipt of an approved certificate of conformance is received from Buyer via Supplier Portal.
