QUALIFICATION STATUS REPORT

The part number(s) on this contract require Qualification to the Buyer specified requirements that have been defined on the Boeing drawing, Statement of Work (SOW), Prime Item Development Specification (PIDS), Critical Item Development Specification (CIDS), Product / Equipment specification, or in some cases to Seller's product specifications. The Seller must obtain and review the Buyer's Qualification Status Report (QSR) for all functional products prior to shipment to Buyer to assure that LC – "Limited Clearance" status has been achieved and approved (signed off) by Buyer. The Seller shall assure that the parts being shipped do not exceed the limitations of the QSR. If functional parts are being shipped direct to a Flight Test Facility then the Buyer's QSR must illustrate Approval for FC – "Flight Clearance" prior to shipment. If functional parts are being shipped direct to a Buyer customer then the Buyer's QSR must illustrate FA – "Final Approval" prior to shipment. A copy of the Buyer's QSR should be obtained from the Buyer's Authorized Procurement Representative and must be utilized by the Seller as part of the final acceptance process and maintained as part of the Seller's quality records.
