

## IDS Common Quality Clauses

### **Q877 Description of Shipping Documents - rev 3/6/01**

The Seller shall include the drawing and/or specification number or other technical, descriptive data that best describes the procured item(s), on all invoiced product shipping documents. When required by contract (QA Clauses Nos. 801 and 802), the shipping documents must also bear The Boeing Company's Quality Engineering Representative's and a Government Quality Assurance Representative's, signature and/or stamp. The Boeing Company's Quality Engineer's and Government Quality Assurance Representative's signatures and/or stamp(s) on the invoiced product shipping document are evidence of approval to ship.
