B. H-09 ORGANIZATIONAL CONFLICT OF INTEREST (Jun 2012)

a. Purpose: The primary purpose of this clause is to aid in ensuring that:

- (1) Seller's objectivity and judgment are not biased because of its present or planned interests which relate to work under this contract;
- (2) Seller does not obtain unfair competitive advantage by virtue of its access to non-public information regarding the Government's program plans and actual or anticipated resources; and
- (3) Seller does not obtain unfair competitive advantage by virtue of its access to proprietary information belonging to others.

b. Scope: Organizational Conflict of Interest (OCI) rules, procedures and responsibilities as described in FAR Subpart 9.5 shall be applicable to this contract and any resulting subcontracts.

- (1) The general rules in FAR 9.505-1 through 9.505-4 and the restrictions described herein shall apply to performance or participation by Seller and any of its affiliates or their successors-in-interest in the activities covered by this contract as prime Seller, subcontractor, co-sponsor, joint venturer, consultant, or in any similar capacity.

c. Access to and Use of Nonpublic Information: If Seller, in performance of this contract, obtains access to nonpublic information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, Seller agrees that without prior written approval of Buyer, it shall not:

- (1) use such information for any private purpose;
- (2) release such information.

d. Access to and Protection of Proprietary Information: Seller agrees to exercise diligent effort to protect proprietary information from misuse or unauthorized disclosure in accordance with the provisions of FAR 9.505-4. e. Subcontracts: Seller shall include this clause in consulting agreements, teaming agreements, subcontracts, or other arrangements for provision of services or supplies of any tier. The terms "contract", "Contractor", and "Contracting Officer" shall be appropriately modified to preserve the Government's rights.

f. Representations and Disclosures:

- (1) Seller represents that it has disclosed to Buyer, prior to award, all facts relevant to the existence or potential existence of organizational conflicts of interest as that term is used in FAR Subpart 9.5. To facilitate disclosure and approval, Seller shall complete an OCI Analysis/Disclosure Form for each related contract or subcontract (form shall be requested from Buyer).
- (2) Seller represents that if it discovers an organizational conflict of interest or potential conflict of interest after award, a prompt and full disclosure shall be made in writing to Buyer. This disclosure shall include a description of the action Seller has taken or proposes to take in order to avoid or mitigate such conflicts.

g. Remedies and Waiver:

- (1) For breach of any of the above restrictions or for non-disclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, Buyer may: terminate this contract for default; disqualify Seller from subsequent related contractual efforts if necessary to neutralize a resulting organizational conflict of interest; and pursue such other remedies as may be permitted by law or this contract. If, however, in compliance with this clause, Seller discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, the Buyer may terminate this contract for convenience if such termination is deemed to be in the best interest of the Government or take other appropriate actions.
- (2) The parties recognize that this clause has potential effects which will survive the performance of this contract and that it is impossible to foresee each circumstance to which it might be applied in the future. Accordingly, Seller may at any time seek a waiver from Buyer by submitting a full written description of the requested waiver and the reasons in support thereof.

- e. Personnel from BMD Contractors or other Government agencies or Contractors are not authorized to direct Seller in any manner.
- f. This clause shall not prejudice Seller or its subcontractors from negotiating separate organizational conflict of interest agreements with BMD Contractors; however, these agreements shall not restrict any of the Government's rights established pursuant to this clause or any other contract.

When there is any doubt as to "need to know" for purposes of this paragraph, the Contracting Officer or the Contracting Officer's Representative will provide direction. E. H-43 IMPACT OF GOVERNMENT TEAM PARTICIPATION/ACCESS (JUN 2012)

The Government/Contractor organizational/interface approach (e.g., Integrated Product Teams, Team Execution Reviews, Technical Interchange Meetings, and/or Working Groups), will require frequent, close interaction and/or surveillance between the Government and Seller/subcontractor team members during contract performance. For this purpose Seller, recognizing its privity of contract with the Government, authorizes the Government to communicate directly with, and where appropriate visit as well as monitor, the Seller's subcontractors. This access/interface is necessary to support the Government's quality and program management approach which emphasizes systematic surveillance and evaluation techniques used to assess Seller/subcontractor performance. Government team members may offer advice, information, support, and facilitate rapid Government feedback on team-related products, provide clarification, and review Seller/ subcontractor progress; however, the responsibility and accountability for successfully accomplishing the requirements of this contract remain solely with the Seller. Neither Seller nor the subcontractor shall construe such advice, surveillance, reviews and clarifications by Government team members as Government-directed changes to the terms of this contract. The Buyer is the only individual authorized to direct or approve any change to the terms of this contract.

F. COUNTERFEIT ITEMS

(a) Unless Buyer expressly identifies the goods that are procured under this Purchase Order as non-technical and for Buyer's internal use only, Seller warrants without limitation as to time that the goods delivered pursuant to this Purchase Order shall (i) be and only contain materials obtained directly from the Original Component Manufacturer (OCM) or the Original Equipment Manufacturer (OEM) (collectively, the Original Manufacturer (OM)) or an authorized OM reseller or distributor (collectively, an Authorized Distributor); (ii) not be or contain Counterfeit Items or Suspect Counterfeit Items, as defined below; and (iii) contain only authentic, unaltered OM labels and other markings. Seller shall obtain and retain all documentation required to fully trace the distribution and sale of the goods delivered hereunder back to the relevant OM, and, on request of Buyer, shall provide such authenticating documentation. Counterfeit Item means an unlawful or unauthorized reproduction, substitution, alteration, or the false identification of grade, serial number, lot number, date code, or performance characteristic, that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified item from the OM, an Authorized Distributor, or an Aftermarket Manufacturer as defined in SAE AS5553 "Counterfeit Electronic Parts; Avoidance, Detection, Mitigation, and Disposition" (Authorized Aftermarket Manufacturer). A Suspect Counterfeit Item means an item for which credible evidence (including, but not limited to, visual inspection or testing) provides reasonable doubt that the item is authentic. Seller represents that it will not act as or engage an independent distributor, non-authorized distributor, non-franchised distributor, non-authorized supplier, or non-authorized reseller (collectively, Broker), to assist it in delivering goods pursuant to this Purchase Order unless the Buyer provides prior written approval to do so. Any Seller request to procure from a Broker shall include complete and compelling support for such request and shall include all actions completed by Seller to ensure the goods thus procured are not Counterfeit Items. Seller's supporting documentation shall include: (i) results of authentication test and analysis conducted (reference SAE AS5553), (ii) traceability with identification of all supply chain intermediaries wherever such traceability exists, and (iii) identification of and traceability to the source for any remarked or resurfaced material. Seller shall include the substance of this Section 13 in any agreement between Seller and Seller's lower tier subcontractors, including in any agreement between Seller and Seller's Broker, and Seller shall cause Seller's lower tier subcontractors and Seller's Broker to include the substance of this clause in all agreements with any of their lower tier subcontractors.

(b) Unless Buyer expressly identifies the goods that are procured under this Purchase Order as non-technical and for Buyer's internal use only, Seller, as OM, Authorized Distributor, Authorized Aftermarket Manufacturer, or Broker approved by Buyer, further warrants that it has and shall maintain a Counterfeit Item risk mitigation process, internally and with its suppliers, (reference SAE AS5553), for goods delivered hereunder, and in accordance with the standards or instructions set forth in any Buyer's specifications and other required provisions and specifications incorporated into this Purchase Order. Buyer shall have the right to audit and inspect, and tight to approve subcontract deliverables as a result of Boeing's processes at any time before or after delivery of the goods ordered hereunder. Seller shall provide evidence of the Seller's risk mitigation process to Buyer upon request. Buyer and Seller will work together on any identified changes, or process gaps, and institute changes subject to the final approval of Seller. Buyer and seller agree that corporate-wide process changes are not within the scope of this clause and subcontract. If Buyer seeks process changes are not within the scope of this clause, then Seller shall require a separate purchase order from the Buyer, and such Buyer-funded changes will be unique to Buyer's program, and segregable from Seller's corporate processes. Seller and Seller's lower-tier subcontractors that are allowed access to the US Government Industry Data Exchange Program (GIDEP) shall participate in monitoring GIDEP reports and Seller shall act on GIDEP reports that affect product delivered to Buyer. Seller shall immediately notify Buyer with the pertinent facts if Seller becomes aware of or suspects that items delivered for the Purchase Order are, or contain, suspect or confirmed counterfeit items. If, during Buyer's inspection procedures, a good delivered hereunder is discovered to be a Counterfeit Item or Suspect Counterfeit Item, Buyer shall have the right to quarantine the good for further investigation of its authenticity. Buyer's investigation

may include the participation of third parties or governmental investigative agencies as required by law or regulations by Buyer's customer, or by Buyer, in its sole discretion. The Seller and/or the Seller's lower-tier subcontractors shall cooperate in good faith with any investigation conducted by Buyer, including, but not limited to, cooperation by Seller's or Seller's lower-tier subcontractor's staffs responsible for the maintenance and disclosure of all design, development, manufacturing, and traceability records with respect to the good in possession of Seller or Seller's lower-tier subcontractor. Upon Buyer's request, Seller shall provide Buyer certificates of conformance with respect to the goods delivered. Buyer shall not be required to return the good to the Seller during the investigation process or thereafter. Buyer shall not be liable for payment to Seller of the price of any Suspect Counterfeit Items under investigation. When so authorized by Buyer, Seller shall be responsible for counterfeit risk mitigation testing and providing traceability identifiers (i.e. Date Code I Lot Code, Serial number) for Broker procured parts, and identifying items delivered to Buyer that contain such parts. If Buyer determines in its sole discretion that there is credible evidence after visual inspection, testing, or other information that a good delivered under this Purchase Order may have been misrepresented by the Seller or Seller's lower-tier subcontractor and constitutes a Counterfeit Item or Suspect Counterfeit Item, Seller, or its lower-tier subcontractor, shall, if directed by Buyer to do so, issue a GIDEP alert and shall ensure suspect or confirmed Counterfeit Items are not delivered to Buyer. Buyer reserves its right hereunder, to issue its own GIDEP alert if, after investigation, Buyer concludes, in its sole estimation, that a good is a Counterfeit Item or Suspect Counterfeit Item. Seller shall include the substance of this Section 13 in any agreement between Seller and Seller's lower tier subcontractors, including in any agreement between Seller and Seller's Broker, and Seller shall cause Seller's lower tiersubcontractors and Seller's Broker to include the substance of this clause in all agreements with any of their lower tier subcontractors.

G. EXPORT/IMPORT CONTROLS

(a) Seller represents that it will comply with U.S. export and import controls laws and regulations, including but not limited to the International Traffic in Arms Regulations ("ITAR") (22 CFR 120 et seq.), the Export Administration Regulations ("EAR") (15 CFR Part 730-774), the regulations administered by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC") (31 CFR Part 500-598), the regulations administered by the U.S. Department of Commerce, Bureau of Alcohol, Tobacco, Firearms, and Explosives ("ATF") found in 27 CFR Chapter II, and all other applicable U.S. Government regulations relating to the importation of goods into the United States (including, but not limited to, the regulations administered by the U.S. Customs and Border Protection ("CBP") at 19 CFR 0 et seq. and other import regulations promulgated by other U.S. agencies which may be enforced by CBP) (collectively "U.S. export and import control laws and regulations"). Seller agrees that no controlled items provided by Buyer in connection with this Contract shall be provided to any person or entity unless the transfer is expressly permitted by a U.S. Government license or other authorization, or is otherwise in accordance with applicable laws and regulations. It shall be the responsibility of Seller to be cognizant of (including by requesting such information from Buyer if needed) the proper jurisdiction and classification under the ITAR and/or EAR of the items provided by Buyer prior to any release to a third party, including foreign affiliates or employees. If a final jurisdiction and classification determination for items provided by the Buyer has not been provided, Seller cannot export or otherwise release the information to a foreign person until a final jurisdiction and classification is approved by Buyer and any applicable export authorizations are obtained. For items subject to the ITAR, this responsibility includes Seller's cognizance of the ITAR controls applicable to any technical data or defense service furnished to Seller by Buyer, including when exported to Seller from the United States in furtherance of Buyer's technical assistance, manufacturing license agreement or other ITAR authorization prescribing ITAR jurisdiction of any defense article which may be produced or manufactured by Seller from such technical data or defense service. Seller shall not be liable for costs, delays, damages, or fees attributable to Buyer's failure to provide timely Buyer approvals called for in this subparagraph (b).

(c) Seller shall notify Buyer if any deliverable under this contract, for which the Seller is the design authority, is subject to U.S. export and import controls laws and regulations described in Paragraph 23(a). Before providing Buyer any deliverable subject to the EAR or the ITAR, Seller shall provide in writing to the Buyer's Procurement Representative the export classification of any such item or controlled data, including the export classification of any: i. dual use goods and technology subject to the EAR, including any embedded ITAR-controlled or EAR 500 or 600 series' item or technology; ii. defense article, including any technical data, controlled by the ITAR; iii. item or technology controlled by the EU List of Dual Use Items or by other applicable national export control lists. Subsequent to the initial disclosure above, Seller shall timely notify the Buyer's Procurement Representative in writing of any changes to the export classification information of the item or controlled data. Seller represents that an official authorized to bind the Seller has determined that the Seller or the designer, manufacturer, supplier or other source of the deliverable has properly determined their export classification.

(d) Seller hereby represents that neither Seller, nor any parent, subsidiary, affiliate is listed on any Restricted Party List of an agency of the U.S. Government, any applicable non-U.S. Government, or international organization, or any applicable state, local government, or

municipality, nor are their export privileges denied, suspended or revoked. For purposes of this provision, "Restricted Party List" is defined to include the U.S. Government's Denied Persons List, Unverified List, Entity List, Nonproliferation Sanctions List, AECA Debarred List, Specially Designated Nationals (SDN) List, Sectoral Sanctions Identifications (SSI) List, Foreign Sanctions Evaders List, Excluded Parties List, or Palestinian Legislative Council (PLC) List, or other similar lists issued by the U.S. Government or a non-U.S. government, or international organization, or any state or local government, or municipality that relates to export controls, economic sanctions, or anti-corruption. Seller shall immediately notify Buyer if Seller, or any parent, subsidiary, affiliate, or lower-tier subcontractor is added to any such Restricted Party List or if any of their export privileges become denied, suspended, or revoked. Seller shall not deal with any Restricted Party in relation to this purchase order. Seller shall notify Buyer of any known or suspected violations of export or import control laws or regulations related to any Restricted Party involving this purchase order, or the initiation or existence of any U.S. Government investigation into same. Seller shall demonstrate best efforts to cause Seller's lower tier subcontractors to include the substance of this clause in agreements with lower tier subcontractors.

(e) If the items provided by Seller originate from a foreign location, they may also be subject to the export and import control laws and regulations of the country in which the items originate. Seller shall abide by all applicable export and import control laws and regulations of that originating country. (f) Seller agrees to provide Buyer with information necessary for Buyer to seek any necessary export and/or import authorizations, or to ensure or confirm compliance with U.S. and other applicable export and import control laws and regulations.

(g) Where Buyer transfers items to Seller under a U.S. Government export authorization, Seller shall promptly notify Buyer of (1) any changed circumstances that may require Buyer to seek a new authorization, or a revision or amendment to an existing authorization, or that may impact Seller's ability to perform under this contract (including but not limited to a change in name or ownership, the desired addition of a non-U.S. dual or foreign national employee, or the desired addition of a new subcontractor and/or affiliate), or (2) any known or suspected violations of export or import control laws or regulations, or the initiation or existence of any U.S. Government investigations into same. Seller shall make reasonable effort to comply with requests from Buyer for additional information in Seller's possession or control regarding any such changed circumstances, known or suspected violation, or U.S. Government investigations.

(h) Reserved.

(i) If Seller is authorized by Buyer to engage in subcontracting for procurements related to this Purchase Order, Seller shall, in substance, incorporate into its subcontracts the provisions of Section 23 requiring compliance with U.S. and other applicable export and import control laws and regulations.

(j) Seller is responsible for complying with all relevant import laws and regulations to the extent consistent with U.S. law. Buyer shall not serve as Importer of Record. For Seller work under this purchase order, Seller shall be responsible for Customs clearance, payment of any and all duties, taxes, and fees for goods entering into the United States, or other relevant country.

(k) Where Seller is a recipient of any items received pursuant to a U.S. export license, Technical Assistance Agreement ("TAA"), Manufacturing License Agreement ("MLA"), or other export authorization, Seller will abide by all provisions, requirements, and restrictions related to the applicable authorization. Seller will provide to Buyer accurate and complete records relating to all activities for which such records are required under TAAs and MLAs, such as but without limitation (i) Non-disclosure Agreements for sublicensees, (ii) Nontransfer and Use Certificates (DSP-83) for exports of Significant Military Equipment or classified equipment or technical data, and (iii) sales data to support annual sales reports. Seller will immediately notify Buyer of any change in circumstance that may require an amendment to an existing authorization or the obtaining of a new authorization. Buyer shall not be responsible for delays in U.S. import or export of controlled items supplied hereunder by Buyer resulting from a lack of necessary documentation from Seller or Seller's country.

(l) Seller shall indemnify Buyer for all liabilities, penalties, losses, damages, costs or expenses that may be imposed on or incurred by Buyer in connection with any violations of non-U.S. or U.S. export or import control laws and regulations, by Seller, its officers, employees, agents, Sellers or subcontractors at any tier.
