"Person" as used herein includes Corporations, Partnerships, Joint Ventures, Teaming Arrangements, and other business enterprises.

The term "contractor" as used in this clause, includes any person, firm or corporation which has a majority or controlling interest in Seller or in any parent corporation thereof, any person, firm, or corporation in or as to which Seller (or any parent or subsidiary

corporation thereof) has a majority or controlling interest. All references to "Seller" as contained in this clause shall apply with equal force to all of these included.

b. Impact on Future Agency Contracts:

1. Seller shall be excluded from competition for, or award of any Government contracts as to which, in the course of performance of this contract, Seller has received advance procurement information before such information has been made generally available to other persons or firms unless mitigation measures are put in place, to avoid, neutralize, or mitigate an OCI.
2. Seller shall be excluded from competition for, or award of any Government contract for which Seller actually assists in the development of the screening information request (SIR), specifications or statements of work unless mitigation measures are put in place to avoid, neutralize or mitigate an OCI.
3. Seller shall be excluded from competition for or award of any Government contract which calls for the evaluation of system requirements, system definitions, or other products developed by Seller under this Contract unless mitigation measures are put in place to avoid, neutralize or mitigate and OCI.
4. Seller shall be excluded from competition for, or award of any Government contract which calls for the construction or fabrication of any system, equipment, hardware, and/or software for which Seller participated in the development of requirements or definitions pursuant to this Contract unless mitigation measures are put in place to avoid, neutralize or mitigate and OCI.

This clause shall not exclude Seller from performing work under any amendment or modification to this contract or from competing for award for any future contract for work that is the same or similar to work performed under this contract.

This clause shall have effect throughout the period of performance of this contract (and any applicable Delivery Order performance period that exceeds the basic contract ordering period), any extensions thereto by change order or supplemental agreement, and for three (3) years thereafter.

Buyer may in its sole discretion, waive any provisions of this clause if deemed in the best interest of the Government. The exclusions contained in this clause shall apply for the duration of the applicable Contracts(s) and for three (3) years after completion and acceptance of all work performed hereunder.

If any provision of this clause excludes Seller from competition for, or award of any contract, Seller shall not be permitted to serve as a subcontractor, at any tier, on such contract. This clause shall be incorporated into any subcontracts or consultant agreements awarded under this contract unless Buyer determines otherwise.

c. Affirmative Duties and Responsibilities for Government Contractors:

Seller warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, Seller does not have any organizational conflict of interest(s) as defined in paragraph a. above. Seller agrees that, if after award, it discovers an actual or potential organizational conflict of interest at the contract level it shall make immediate and full disclosure in writing to Buyer. Changes in Seller's relationships due to mergers, consolidations or any unanticipated circumstances may create an unacceptable organizational conflict of interest which would necessitate such disclosure. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action that Seller has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist Buyer in making a determination on this matter.

Seller, upon identification of a potential conflict, shall submit requests to participate in the Contract for written approval on a Contract by Contract basis, unless Seller is aware of multiple Contracts that may create the appearance of a conflict, or be an actual conflict. In the case of the later, Seller shall notify Buyer as soon as the conflicts/apparent conflicts have been identified. This provision shall be in effect throughout the period of performance of this contract, any extensions thereto by change order or supplemental agreement, and for three years thereafter.

Seller shall permit a Government audit of internal OCI mitigation procedures for verification purposes. The Government reserves the right to reject a mitigation plan, if in the opinion of Buyer, such a plan is not in the best interests of the Government.

Seller shall hold the government harmless and will freely indemnify the Government as to any cost/loss resulting from the unauthorized use or disclosure of any third-party proprietary information by its employees, the employees of subcontractors, or by its agents.

Buyer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

Seller shall include the same provisions as are expressed in this clause, including this paragraph, in all subcontracts awarded for performance of any portion of this requirement. This restriction is applicable throughout the period of performance of the subcontract, and any extensions thereof by change order or supplemental agreement, and for three years thereafter. Any deviations or less restrictive coverage deemed necessary or required by the prime contractor for a particular subcontract must first be submitted to Buyer for approval. Subcontract restrictions will be limited to the technical area(s) addressed in the specific statements of work in the subcontractor's given Delivery Orders.

d. Compliance:

Compliance with this OCI requirement is a material obligation of this contract. The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law, including those set forth at FAR Part 9.5, or elsewhere included in this contract. If Seller takes any action prohibited by this requirement or fails to take action required by this requirement,

Buyer may terminate this contract for default. For breach of any of the restrictions contained herein, or for nondisclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the government reserves the right to terminate this contract for default, disqualify Seller for subsequent related contractual efforts, and to pursue such other remedies as may be available under law. If in compliance with this clause, Seller discovers and promptly reports an organizational conflict of interest subsequent to contract award, Buyer may choose to terminate this contract for convenience.

e. OCI / Advisory and Assistance Services Possibilities.

It is recognized by the parties hereto that some of the services identified in the SOW may include (1) incidental advisory and assistance services (2) technical evaluation of other contractor's products and services; (3) surveillance of other contractor's services and work products; and, (4) access to other contractors' proprietary information. Such activities create a significant potential for certain conflicts of interest, as set forth in FAR 9.505-1, FAR 9.505-2, FAR 9.505-3, and FAR 9.505-4.

It is the intention of the parties that Seller will not engage in any other contractual or other activities which could create an organizational conflict of interest with its position under this contract; which might impair its ability to render unbiased advice and recommendations; or, in which it may derive an unfair competitive advantage as a result of knowledge, information, and experience gained during the performance of this contract. Therefore, Seller agrees that it will seek the prior written approval of Buyer before participating in any Contract that may involve such a conflict.

Seller agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the government any information provided to Seller by the Government during or as a result of performance of this Contract. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of GFI extends to cover such information whether or not in its original form, where the information has been included in contractor generated work, or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

Whenever performance of this contract requires access to another contractor's proprietary information, Seller shall (1) enter into a written agreement with the other entities involved, as appropriate, in order to protect such proprietary information from unauthorized use or disclosure for as long as it remains proprietary; and (2) refrain from using such proprietary information other than as agreed to, for example; to provide assistance during technical evaluation of other contractors' offers or products under this contract. An executed copy of all proprietary information agreements by individual personnel or on a corporate basis shall be furnished to Buyer within fifteen (15) calendar days of execution.

Seller shall promptly notify Buyer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure that proper safeguards exist to guarantee objectivity and to protect the Government's interest.

In the event that a Contract is issued to Seller that would require activity that would create a potential conflict of interest, Seller shall:

1. Notify Buyer of a potential conflict
2. Recommend to the Government an alternate tasking approach which would avoid the potential conflict, or,
3. Present for approval a conflict of interest mitigation plan that will:
4. Describe in detail the Contract requirement that creates the potential conflict of interest; and,
5. Outline in detail the actions to be taken by Seller or the Government in the performance of the task to mitigate the conflict, division of subcontractor effort, and limited access to information, or other acceptable means.
6. Seller shall not commence work on a Contract related to a potential conflict of interest until specifically notified by Buyer to proceed
7. If Buyer determines that it is in the best interest of the Government to issue a Contract, notwithstanding a conflict of interest, a request for waiver shall be submitted in accordance with FAR 9.503
8. Conflicts Of Interest Compliance Plan: In the event that a waiver is requested, Seller shall submit with the waiver request a Conflicts of Interest (COI) Compliance Plan to Buyer for approval. The COI Compliance Plan shall address Seller's approach for adhering to the Section H. Organizational Conflicts of Interest (OCI) and describe its procedures for aggressively self identifying and resolving both organizational and employee conflicts of interest. The overall purpose of the COI Compliance Plan is to demonstrate how Seller will assure that its operations meet the highest standards of ethical conduct, and how its assistance and advice are impartial and objective. The COI Compliance Plan shall specifically address:
9. How Seller will protect confidential, proprietary, or sensitive information;
10. Preventing the existence of conflicting roles that might bias a contractor's judgment; and,
11. Preventing an unfair competitive advantage.

Contractors are invited to review FAR 9.5 "Organizational and Consultant Conflicts of Interest (OCI)." Particular attention is directed to from FAR 9.505-1 thru FAR 9.505-4.

f. Avoidance of OCI.

The policy of the government is to avoid contracting with contractors who have unacceptable organizational conflicts of interest.

It is not the intent of the government to foreclose a vendor from a competitive acquisition due to a perceived OCI. Buyers are fully empowered to evaluate each potential OCI scenario based upon the applicable facts and circumstances. The final determination of such action may be negotiated between the impaired vendor and Buyer. Buyer's business judgment and sound discretion in identifying, negotiating, and eliminating OCI scenarios should not adversely affect the government's policy for competition. The government is

committed to working with potential vendors to eliminate or mitigate actual and perceived OCI situations, without detriment to the integrity of the competitive process, the mission of the government, or the legitimate business interests of the vendor community.

g. Examples of OCI concerns.

These examples in which OCI issues may arise are not all inclusive, but are intended only to help the Buyer apply general guidance to individual contract situations.

1. Unequal Access to Information. Access to "nonpublic information" as part of the performance of a government contract could provide Seller a competitive advantage in a later competition for another government contract. Such an advantage could easily be perceived as unfair by a competing vendor who is not given similar access to the relevant information. If the requirements of the government procurement anticipate the successful vendor may have access to nonpublic information, all vendors should be required to submit and negotiate an acceptable mitigation plan.
2. Biased Ground Rules. A contractor, in the course of performance of a Government contract, has in some fashion established a "ground rules" for another Government contract, where the same contractor may be a competitor. For example, a contractor may have drafted the statement of work, specifications, or evaluations criteria of future government procurements. The primary concern of the government in this case is that a contractor so situated could slant key aspects of a procurement in its own favor, to the unfair disadvantage of competing vendors. If the requirements of the Government procurement anticipate the successful vendor may be in a position to establish important ground rules, including but not limited to those described herein, the successful vendor should be required to submit and negotiate an acceptable mitigation plan.
3. Impaired Objectivity. A contractor in the course of performance of a Government contract, is placed in a situation of providing assessment and evaluation findings over itself, or another business division, or subsidiary of the same corporation, or other entity with which it has a significant financial relationship. The concern in this case is that Seller's ability to render impartial advice to the government could appear to be undermined by Seller's financial or other business relationship to the entity whose work product is being assessed or evaluated. In these situations, a "walling off" of lines of communication may well be insufficient to remove the perception that the objectivity of Seller has been tainted. If the requirements of the government procurement indicate that the successful vendor may be in a position to provide evaluations and assessments of itself or corporate siblings, or other entity with which it has a significant financial relationship, the affected contractor should provide a mitigation plan that includes recusal by the vendor from the affected contract work. Such recusal might include divestiture of the work to a third party vendor.

h. Mitigation plans.

Seller will be required to permit a government audit of internal OCI mitigation procedures for verification purposes. The Government reserves the right to reject a mitigation plan, if in the opinion of Buyer, such a plan is not in the best interests of the Government. Additionally, the Government will review and audit OCI mitigation plans as needed, in the event of changes in the vendor community due to mergers, consolidations, or any unanticipated circumstances that may create an unacceptable organizational conflict of interest.
