a. Definitions:

"Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.

"Person" as used herein includes Corporations, Partnerships, Joint Ventures, Teaming Arrangements, and other business enterprises.

The term "contractor" as used in this clause, includes any person, firm or corporation which has a majority or controlling interest in the contractor or in any parent corporation thereof, any person, firm, or corporation in or as to which the contractor (or any parent or subsidiary corporation thereof) has a majority or controlling interest. The term also includes the corporate officers of the contractor, those of any corporation which has a majority or controlling interest in the contractor, and those of any corporation in which the contractor (or any parent or subsidiary corporation thereof) has a majority or controlling interest. All references to the "contractor" as contained in this clause shall apply with equal force to all of these included.

"Contract" and "Delivery Order" shall be used as applicable to the level at which this clause is being invoked.

b. Impact on Future Agency Contracts and DOs:

1. The contractor shall be excluded from competition for, or award of any Government contracts as to which, in the course of performance of this contract, the contractor has received advance procurement information before such information has been made generally available to other persons or firms unless mitigation measures are put in place, to avoid, neutralize, or mitigate an OCI.
2. The contractor shall be excluded from competition for, or award of any Government contract for which the contractor actually assists in the development of the screening information request (SIR), specifications or statements of work unless mitigation measures are put in place to avoid, neutralize or mitigate an OCI.
3. The contractor shall be excluded from competition for or award of any Government contract which calls for the evaluation of system requirements, system definitions, or other products developed by the contractor under this contract or resulting DOs unless mitigation measures are put in place to avoid, neutralize or mitigate and OCI.
4. The contractor shall be excluded from competition for, or award of any Government contract which calls

for the construction or fabrication of any system, equipment, hardware, and/or software for which the contractor participated in the development of requirements or definitions pursuant to this contract or resulting DO unless mitigation measures are put in place to avoid, neutralize or mitigate and OCI. This clause shall not exclude the contractor from performing work under any amendment or modification to this contract or from competing for award for any future contract for work that is the same or similar to work performed under this contract. This

clause shall have effect throughout the period of performance of this contract (and any applicable Delivery Order performance period that exceeds the basic contract ordering period), any extensions thereto by change order or supplemental agreement, and for three (3) years thereafter.

The contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest at the contract level it shall make immediate and full disclosure in writing to the Contracting Officer, through Buyer. Changes in the contractor's relationships due to mergers, consolidations or any unanticipated circumstances may create an unacceptable organizational conflict of interest which would necessitate such disclosure. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action that the contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the Contracting Officer in making a determination on this matter. The contractor, upon identification of a potential conflict, shall submit requests to Buyer to participate in the DO for written approval on a DO-by-DO basis, unless the contractor is aware of multiple DOs that may create the appearance of a conflict, or be an actual conflict. In the case of the later, the contractor shall notify the Contracting Officer, through Buyer, as soon as the conflicts/apparent conflicts have been identified. This provision shall be in effect throughout the period of performance of this contract, any extensions thereto by change order or supplemental agreement, and for three years thereafter. The contractor shall permit a Government audit of internal OCI mitigation procedures for verification purposes. The Government reserves the right to reject a mitigation plan, if in the opinion of the Contracting Officer, such a plan is not in the best interests of the Government. The contractor shall hold the government and Buyer harmless and will freely indemnify the Government and Buyer as to any cost/loss resulting from the unauthorized use or disclosure of any third-party proprietary information by its employees, the employees of subcontractors, or by its agents. The Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final. The contractor shall include the same provisions as are expressed in this clause, including this paragraph, in all subcontracts awarded for performance of any portion of this requirement. This restriction is applicable throughout the period of performance of the subcontract, and any extensions thereof by change order or supplemental agreement, and for three years thereafter. When the provisions of this clause are included in a subcontract, the term "Contracting Officer" shall represent the head of the contracts office of

the prime contract. Any deviations or less restrictive coverage deemed necessary or required by the prime contractor for a particular subcontract must first be submitted to the Contracting Officer for approval. Subcontract restrictions will be limited to the technical area(s) addressed in the specific statements of work in the subcontractor's given Delivery Orders.

The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law, including those set forth at FAR Part 9.5, or elsewhere included in this contract. If the contractor takes any action prohibited by this requirement or fails to take action required by this requirement, Buyer may terminate this contract for default. For breach of any of the restrictions contained herein, or for nondisclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the government reserves the right to terminate this contract for default, disqualify the contractor for subsequent related contractual efforts, and to pursue such other remedies as may be available under law. If in compliance with this clause, the contractor discovers and promptly reports an organizational conflict of interest subsequent to contract award, Buyer may choose to terminate this contract for convenience, when such termination is deemed to be in the best interest of the Government or Buyer.

#### OCI AT THE DELIVERY ORDER LEVEL

e. OCI / Advisory and Assistance Services Possibilities.

It is recognized by the parties hereto that some of the services identified in the SOW may include (1) incidental advisory and assistance services (2) technical evaluation of other contractor's products and services; (3) surveillance of other contractor's services and work products; and, (4) access to other contractors' proprietary information. Such activities create a significant potential for certain conflicts of interest, as set forth in FAR 9.505-1, FAR 9.505-2, FAR 9.505-3, and FAR 9.505-4. It is the intention of the parties that the contractor will not engage in any other contractual or other activities which could create an organizational conflict of interest with its position under this contract; which might impair its ability to render unbiased advice and recommendations; or, in which it may derive an unfair competitive advantage as a result of knowledge, information, and experience gained during the performance of this contract. Therefore, the contractor agrees that it will seek the prior written approval of the Contracting Officer, through Buyer, before participating in any DO that may involve such a conflict. The contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the government any information provided to the contractor by the Government or Buyer during or as a result of performance of this DO. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of GFI extends to cover such information whether or not in its original form, where the information has been included in contractor generated work, or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

Whenever performance of this contract requires access to another contractor's proprietary information, the contractor shall (1) enter into a written agreement with the other entities involved, as appropriate, in order to protect such proprietary information from unauthorized use or disclosure for as long as it remains proprietary; and (2) refrain from using such proprietary information other than as agreed to, for example; to provide assistance during technical evaluation of other contractors' offers or products under this contract. An

executed copy of all proprietary information agreements by individual personnel or on a corporate basis shall be furnished to the DO Contracting Officer, through Buyer, within fifteen (15) calendar days of execution. The contractor shall promptly notify the Contracting Officer, through Buyer in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure that proper safeguards exist to guarantee objectivity and to protect the Government's interest. In the event that a DO is issued to the contractor that would require activity that would create a potential conflict of interest, the contractor shall:

1. Notify the Contracting Officer, through Buyer, of a potential conflict
2. Recommend to the Government an alternate tasking approach which would avoid the potential conflict, or,
3. Present for approval a conflict of interest mitigation plan that will:
4. Describe in detail the DO requirement that creates the potential conflict of interest; and,
5. Outline in detail the actions to be taken by the contractor, Buyer, or the Government in the performance of the task to mitigate the conflict, division of subcontractor effort, and limited access to information, or other acceptable means.
6. The contractor shall not commence work on a DO related to a potential conflict of interest until specifically notified by the Contracting Officer, through Buyer, to proceed.
7. If the Contracting Officer determines that it is in the best interest of the Government to issue a DO, notwithstanding a conflict of interest, a request for waiver shall be submitted in accordance with FAR 9.503
8. Conflicts Of Interest Compliance Plan: In the event that a waiver is requested, the Contractor shall submit with the waiver request a Conflicts of Interest (COI) Compliance Plan to the Contracting Officer, through Buyer, for approval. The COI Compliance Plan shall address the Contractor's approach for adhering to the Section H. Organizational Conflicts of Interest (OCI) and describe its procedures for aggressively identifying and resolving both organizational and employee conflicts of interest. The overall purpose of the COI Compliance Plan is to demonstrate how the Contractor will assure that its operations meet the highest standards of ethical conduct, and how its assistance and advice are impartial and objective.

The COI Compliance Plan shall specifically address:

9. How the Contractor will protect confidential, proprietary, or sensitive information;
10. Preventing the existence of conflicting roles that might bias a contractor's judgment; and,
11. Preventing an unfair competitive advantage.

Contractors are invited to review FAR 9.5 "Organizational and Consultant Conflicts of Interest (OCI)." Particular attention is directed to from FAR 9.505-1 thru FAR 9.505-4.\

f. Avoidance of OCI.

The policy of the government is to avoid contracting with contractors who have unacceptable organizational conflicts of interest. It is not the intent of the government to foreclose a vendor from a competitive acquisition due to a perceived OCI. The Contracting Officers are fully empowered to evaluate each potential OCI scenario based upon the applicable facts and circumstances. The final determination of such action may be negotiated between the impaired vendor and the Contracting Officer. The Contracting Officer's business judgment and sound discretion in identifying, negotiating, and eliminating OCI scenarios should not adversely affect the government's policy for competition. The government is committed to working with potential vendors to eliminate or mitigate actual and perceived OCI situations, without detriment to the integrity of the competitive process, the mission of the government, or the legitimate business interests of the vendor community.
