C. ORGANIZATIONAL CONFLICT OF INTEREST

- a. Further, during the course of this contract, the Contracting Officer (CO) will not knowingly unilaterally direct the contractor to perform work, in contravention of the above understanding. It will be the contract's responsibility to identify any situation in which the potential of an OCI exists. However, if the CO discerns the potential for an OCI prior to or during the execution of any task or amendment thereto, the CO shall notify the contract, and the contractor shall take immediate actions to resolve any potential OCI. For the purposes of this clause, an organizational conflict of interest means that a company is (1) unable or potentially unable to provide objectivity in performing contract work; (2) unable or potentially unable to render impartial assistance or advice to the Government; and/or (3) has an unfair competitive advantage. For information purposes, the contractor shall furnish copies of these agreements to the Contracting Officer. These agreements are not intended to protect information which is available to the Government or to the contract from other sources and furnished voluntarily with out restriction.
- d. The contractor agrees to accept and to complete issued delivery orders, provided that no new OCI are created by acceptance of that order. It is the contractor's responsibility to identify and evaluate potential OCI as early as possible. The contractor shall notify the CO or any identified OCI to avoid creating unnecessary delays in contract execution. The contractor shall not contract with Government prime contractors or any subcontractors in such a way as to create an OCI.
- e. The above restrictions shall be included in all subcontracts, teaming arrangements, and other agreements calling for performance of work which is subject to the OCI restrictions identified in this clause, unless excused in writing by the Contracting Officer.
