4. Prime Contract Special Provisions The following prime contract special provisions apply to this purchase order

AFLCMC(H)-H006 ORGANIZATIONAL CONFLICT OF INTEREST (OCI) (SEP 2014)

a. It is understood and agreed that the Seller, under the terms of this contract, or through the performance of the Statement of Work made a part of this contract, shall report any potential Organizational Conflict of Interest (OCI), which could serve as a basis for excluding the Seller from supplying products or services to the ordering DoD agencies. Further, during the course of this contract, Buyer will not knowingly unilaterally direct the Seller to perform work, in contravention of the above understanding. It will be the Seller's responsibility to identify any situation in which the potential for an OCI exists. However, if Buyer discerns the potential for an OCI prior to or during the execution of any task or amendment thereto, Buyer shall notify the Seller, and the Seller shall take immediate action to resolve any potential OCI. For the purposes of this clause, an organizational conflict of interest means that a company is (1) unable or potentially unable to provide objectivity in performing the contract work; (2) unable or potentially unable to render impartial assistance or advice to the Government; and/or (3) has an unfair competitive advantage. An OCI may result when factors create an actual or potential conflict of interest on an instant contract, or when the nature of the work to be performed on the instant contract creates an actual or potential conflict of interest on a future acquisition. In the latter case, Buyer may notify the Seller to discuss restrictions on future activities.

b. An OCI may be caused by a company's activities or relationships. Furthermore, a company is responsible for monitoring potential OCI of its representatives to include its organic resources, team members, and subcontractors.

c. The Seller may gain access to proprietary information of other companies during contract performance. Seller agrees to enter into company-to-company agreements to (1) protect another company's information from unauthorized use or disclosure for as long as it is considered proprietary by the other company and (2) to refrain from using the information for any purpose other than that for which it was furnished. For information purposes, the Seller shall furnish copies of these agreements to Buyer. These agreements are not intended to protect information which is available to the Government or to the Seller from other sources and furnished voluntarily without restriction.

d. Seller agrees to accept and to complete issued delivery orders, provided that no new OCI are created by the acceptance of that order. It is the Seller's responsibility to identify and evaluate potential OCI as early as possible. The Seller shall notify Buyer of any identified potential OCI to avoid creating unnecessary delays in contract execution. The Seller shall not contract with Government prime Sellers or any subcontractors in such a way as to create an OCI.

e. The above restrictions shall be included in all subcontracts, teaming arrangements, and other agreements calling for performance of work which is subject to the OCI restrictions identified in this clause, unless excused in writing by **the Contracting Officer and Buyer**.

f. Buyer may at its discretion request that the Seller submit an OCI mitigation plan or update an existing plan. This plan will be evaluated to determine if an actual OCI exists and whether sufficient safeguards exist that render the offeror eligible for DO award. Under some circumstances, an OCI mitigation plan may not be sufficient to correct an OCI, so submitting an OCI mitigation plan does not guarantee that a company will be successful in mitigating an OCI. Failure to submit such a plan when an OCI is present will render the offeror ineligible for DO awards. Similarly, failure to mitigate an OCI will also render an offeror ineligible for DO awards.
