- (a) Performance under this contract may require that the Seller have access to technical data, computer software, or other sensitive data of another party who asserts that such data or software is proprietary. If access to such data or software is required or to be provided, the Seller shall enter into a written agreement with such party prior to gaining access to such data or software. The agreement shall address, at a minimum, (1) access to, and use of, the proprietary data or software exclusively for the purposes of performance of the work required by this contract, and (2) safeguards to protect such data or software from unauthorized use or disclosure for so long as the data or software remains proprietary. In addition, the agreement shall not impose any limitation upon the Buyer, Government or their employees with respect to such data or software. A copy of the executed agreement shall be provided to the Contracting Officer, via the Buyer. The Buyer may unilaterally modify the contract to list those third parties with which the Seller has agreement(s).
- (b) The Seller agrees to: (1) indoctrinate its personnel who will have access to the data or software as to the restrictions under which access is granted; (2) not disclose the data or software to another party or other Seller personnel except as authorized by the Buyer; (3) not engage in any other action, venture, or employment wherein this information will be used, other than under this contract, in any manner inconsistent with the spirit and intent of this requirement; (4) not disclose the data or software to any other party, including, but not limited to, joint venture, affiliate, successor, or assign of the Seller; and (5) reproduce the restrictive stamp, marking, or legend on each use of the data or software whether in whole or in part.
- (c) The restrictions on use and disclosure of the data and software described above also apply to such information received from the Government through any means to which the Seller has access in the performance of this contract that contains proprietary or other restrictive markings.
- (d) The Seller agrees that it will promptly notify the Contracting Officer, via the Buyer, of any attempt by an individual, company, or Government representative not directly involved in the effort to be performed under this contract to gain access to such proprietary information. Such notification shall include the name and organization of the individual, company, or Government representative seeking access to such information.
- (e) The Seller shall include this requirement in subcontracts of any tier which involve access to information covered by paragraph (a), making substitutions where appropriate.
- (f) Compliance with this requirement is a material requirement of this contract.

HQ C-2-0037 ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA)(JUL 2000)

- (a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.
- (b) The Seller warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, the Seller does not have any organizational conflict of interest(s) as defined in paragraph (a).
- (c) It is recognized that the effort to be performed by the Seller under this contract may create a potential organizational conflict of interest on the instant contract or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to

avoid prejudicing the best interest of the Government, the right of the Seller to participate in future procurement of equipment and/or services that are the subject of any work under this contract shall be limited as described below in accordance with the requirements of FAR 9.5.

- (d) (1) The Seller agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the Seller by the Government during or as a result of performance of this contract. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in Seller generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.
- (2) The Seller agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of performance of this contract. This prohibition shall expire after a period of three years after completion of performance of this contract.
- (3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the Seller, any subcontractor, consultant, or employee of the Seller, any joint venture involving the Seller, any entity into or with which it may merge or affiliate, or any successor or assign of the Seller. The terms of paragraph (f) of this Special Contract Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).
- (e) The Seller further agrees that, during the performance of this contract and for a period of three years after completion of performance of this contract, the Seller, any affiliate of the Seller, any subcontractor, consultant, or employee of the Seller, any joint venture involving the Seller, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Seller, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this contract. In other words, the Seller may be authorized to compete for procurement(s) for systems, components or services subsequent to an intervening procurement.
- (f) The Seller agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the Contracting Officer, via the Buyer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action which the Seller has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the Contracting Officer in making a determination on this matter. Notwithstanding this notification, the Buyer or Government may terminate the contract for convenience if determined to be in the best interest of the Buyer or Government.
- (g) Notwithstanding paragraph (f) above, if the Seller was aware, or should have been aware, of an organizational conflict of interest prior to the award of this contract or

becomes, or should become, aware of an organizational conflict of interest after award of this contract and does not make an immediate and full disclosure in writing to the Contracting Officer, via the Buyer, the Buyer or Government may terminate this contract for default.

- (h) If the Seller takes any action prohibited by this requirement or fails to take action required by this requirement, the Buyer or Government may terminate this contract for default.
- (i) The Buyer or Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.
- (j) Nothing in this requirement is intended to prohibit or preclude the Seller from marketing or selling to the United States Government its product lines in existence on the effective date of this contract; nor, shall this requirement preclude the Seller from participating in any research and development or delivering any design development model or prototype of any such equipment. Additionally, sale of catalog or standard commercial items are exempt from this requirement.
- (k) The Seller shall promptly notify the Contracting Officer, via the Buyer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.
- (l) The Seller shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substitutions may be made where appropriate.
