During performance of this contract, Seller personnel performing work in MSFC buildings may come in contact with materials containing asbestos. MSFC Buildings 4200, 4201, 4663, are of special concern since they are known to contain a sprayed on fire insulation on or above the ceiling, usually located on the metal or concrete structure of the buildings. These buildings and all other MSFC buildings may contain asbestos in floor tile, pipe and lagging insulation, exterior siding, roofing felt, and many other building materials. Prior to disturbing suspected asbestos material in any manner, the Contractor shall access <http://ais.ndc.nasa.gov/default.aspx> or contact MSFC's Environmental Engineering and Occupational Health (EEOH) Office for assistance. Seller shall be responsible for ensuring that all Contractor personnel working onsite are made aware of and comply with this clause.

(a) An employee of a domestic MSFC Contractor or its subcontractor who is not a U.S. citizen (foreign national) may not be admitted to the MSFC site for purposes of performing work without special arrangements. In addition, all employees or representatives of a foreign MSFC Contractor/subcontractor may not be admitted to the MSFC site without special arrangements. For employees as described above, advance notice must be given to the MSFC Protective Services Office at least 3 weeks prior to the scheduled need for access to the site so that instructions on obtaining access may be provided.

When an authorized company official requests a MSFC badge for site access, he/she is certifying that steps have been taken to ensure that its Seller or subcontractor employees, visitors, or representatives will not be given access to export-controlled or classified information for which they are not authorized. The authorized company officials shall serve as Seller's representative(s) in certifying that all visit/badge request forms are processed in accordance with MSFC security and export control procedures. No foreign national, representative, or resident alien Seller/subcontractor employee shall be granted access into MSFC until a completed request has been approved and processed through the NFNMS. E. INDEMNIFICATION FOR UNUSUALLY HAZARDOUS RISKS FOR GREEN RUN

(a) The Government recognizes that the Contractor's approach to fulfill the requirements of this contract might involve conditions considered to constitute unusually hazardous risks resulting in potential third party liability exceeding insurance coverage the Contractor could reasonably be expected to purchase and maintain, considering the availability, cost, and terms and conditions of such insurance. In the event the Contractor believes such conditions exist and necessitate indemnification by the Government, the Contractor shall provide documentation and rationale adequate to substantiate processing of such requests in accordance with applicable laws and regulations. The Contractor shall furnish the information required in accordance with FAR 52.250-1 Alt I and NASA FAR Supplement 1850.403 no later than 90 days prior to the event. Reference to these FAR and NASA FAR Supplement sections are not an indication that NASA has determined indemnification to be applicable. The Contractor's request for indemnification must explain under what authority NASA can provide indemnification for unusually hazardous risks associated with performance of the contract. In addition to identifying a sufficient legal basis for indemnification, the Contractor's request for indemnification also must substantiate a sufficient factual basis for indemnification by explaining specifically what work

under the contract poses unusually hazardous risks.

NOTE: For the purpose of paragraph (c)(1) of the clause at FAR 52.250-1, Alternate I, Indemnification Under Public Law 85-804 (APR 1984), the following is the definition of unusually hazardous risks (UHRs) under this Contract resulting from development, production, or integration of the SLS or Orion architecture (excluding UHRs resulting solely from payloads);

1. This clause provides for a reciprocal waiver of claims between the Government and the Seller and their Related Entities as described in paragraph (c) above. This reciprocal waiver of claims shall not apply to rights and obligations arising from the application of any of the other clauses in the contract or to rights and obligations arising from activities that are not within the scope of this Contract.

(b) The nature of this conflict is to be determined.

(c) The restrictions upon future contracting are as follows:

(1) If Seller, under the terms of this contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work that are to be incorporated into a solicitation, Seller shall be ineligible to perform the work described in that solicitation as a prime or first-tier subcontractor under an ensuing NASA contract. This restriction shall remain in effect for a reasonable time, as agreed to by the CO and Buyer, sufficient to avoid unfair competitive advantage or potential bias (this time shall in no case be less than the duration of the initial production contract). NASA shall not unilaterally require Seller to prepare such specifications or statements of work under this contract.

(2) To the extent that the work under this contract requires access to proprietary, business confidential, or financial data of other companies, and as long as these data remain proprietary or confidential, Seller shall protect these data from unauthorized use and disclosure and agrees not to use them to compete with those other companies.

M. DISCLOSURE OF ORGANIZATIONAL CONFLICT OF INTEREST AFTER CONTRACT AWARD

(a) If Seller identifies an actual or potential organizational conflict of interest that has not already been adequately disclosed and resolved (or waived in accordance with FAR 9.503), Seller shall make a prompt and full disclosure in writing to Buyer. This disclosure shall include a description of the action Seller has taken or proposes to take in order to resolve the conflict.

(b) Mitigation plan. If there is a mitigation plan in the contract, Seller shall periodically update the plan, based on changes such as changes to the legal entity, the overall structure of the organization, subcontractor arrangements, contractor management, ownership, ownership relationships, or modification of the work scope.
