(b) For violation of export laws, the contractor, its employees, officials or agents are subject to:

(1) Imprisonment and/or imposition of criminal fines; and

(2) Suspension or debarment from future Government contracting actions.

(c) The Government shall not be liable for any unauthorized use or release of export-controlled information, technical data or specifications in this contract.

(d) In clause (c) the term Government includes Boeing and its subsidiaries.

**B. 5252.232-9507 Limitation of Funds - Time and Material and Labor-Hour Contracts (OCT 2005)**

(a) The parties estimate that performance of this contract will not cost the Government more than the ceiling price specified in the Schedule or on the individual Task Order. The contractor agrees to use its best effort to perform the work specified in the Schedule or Task Orders, and all obligations under this contract, within the ceiling price.

(b) The Schedule or individual Task Orders specify the amounts presently available for payment by the Government and allotted to the contract or individual Task Orders, the items covered, and the period of performance it is estimated the allotted amounts will cover. The parties contemplate that the Government will allot additional funds incrementally to the contract or individual Task Orders up to the full ceiling price. The contractor agrees to perform, or have performed, work on the contract up to the point at which the total amount paid and payable by the Government under the contract and

individual Task Orders approximates, but does not exceed, the total amount actually allotted by the Government to the contract.

(c) The contractor shall notify the Contracting Officer in writing whenever it has reason to believe that the costs it expects to incur under the contract or an individual Task Order in the next sixty (60) days, when added to all costs previously incurred, will exceed seventy-five (75%) percent of the total amount so far allotted to the contract or Task Order by the Government. The notice shall state the estimated amount of additional funds required to continue performance for the period specified in the Schedule or Task Order.

(d) Sixty (60) days before the end of the period specified in the Schedule or individual Task Order, the contractor shall notify the Contracting Officer in writing of the estimated amount of additional funds, if any, required to continue timely performance under the contract or for any further period specified in the Schedule or Task Order, or otherwise agreed upon, and when the funds will be required.

(e) If, after notification, additional funds are not allotted by the end of the period specified in the Schedule or individual Task Order, or another agreed upon date, upon the contractor's written request the Contracting Officer will terminate the contract or individual Task Order on that date, in accordance with the provisions of the Termination clause of this contract. If the contractor estimates that the funds available will allow it to continue to discharge its obligations beyond that date, it may specify a later date in its request, and the Contracting Officer may terminate the contract or individual Task Order on that later date.

(f) Except as required by other provisions of this contract, specifically citing and stated to be an exception of this clause -

(1) The Government is not obligated to reimburse the contractor for costs incurred in excess of the total amount allotted by the Government to this contract; and

(2) The contractor is not obligated to continue performance under this contract or individual Task Orders (including actions under the Termination clause of this contract), or otherwise incur costs in excess of the amount then allotted to the contract or Task Order by the Government, until a modification is executed increasing the amount allotted by the Government to the contract or Task Order.

(g) The ceiling price shall be increased in accordance with the provisions of FAR clause 52.232-7, "Payments Under Time-and-Materials and Labor-Hour Contracts".

(h) No notice, communication, or representation in any form other than specified in subparagraph (f)(2) above, or from any person other than the Contracting Officer, shall affect the amount allotted by the government to this contract or an individual Task Order. In the absence of the specified notice, the Government is not obligated to reimburse the contractor for any costs in excess of the total amount allotted by the Government to this contract, whether incurred during the course of the contract or as a result of termination.

(i) When and to the extent the amount allotted by the Government to the contract or an individual Task Order is increased, any costs the contractor incurs before the increase that are in excess of the amount previously allotted by the Government shall be allowable to the same extent as if incurred afterward, unless the Contracting Officer issues a termination or other notice and directs that the increase is solely to cover termination or other specified expenses.

(j) Change orders shall not be considered an authorization to exceed the amount allotted by the Government specified in the Schedule or individual Task Order, unless they contain a statement increasing the amount allotted.

(k) Nothing in this clause shall affect the right of the Government to terminate this contract or an individual Task Order.

(m) If the Government production and research property or other Government property authorized or made available above is decreased by the Government, the contractor will be entitled to an equitable adjustment to the terms of this contract in accordance with the procedures provided for in the Changes clause hereof, as a result of such decrease; provided, however, that if any such decrease is due to the failure of the contractor or his subcontractors of any tier under this contract to fulfill their respective obligations either with respect to the Government property or with respect to the work such property is to be used to perform, the Contracting Officer will take such circumstances into account in establishing the equitable adjustment.

(n) The contractor is responsible for scheduling the use of all property covered by this clause and the Government shall not be responsible for conflicts, delays, or disruptions to any work performed by the contractor due to use of any or all such property, either under this contract or any other contracts under which use of such property is authorized.
