AFAR 5152.250-1-9000 ADDITIONAL INFORMATION ON INDEMNIFICATION REQUESTS UNDER CONTRACTS FOR A QUALIFIED ANTI-TERRORISM TECHNOLOGY (NOV 2004). a. *General Information.* (1) This contract provides for the delivery of a product, service, technology, or other matter that has been or could be designated by the Department of Homeland Security (DHS) as a Qualified Anti-Terrorism Technology (QATT) under the Support Anti-Terrorism by Fostering Effective Technologies (SAFETY) Act, 6 U.S.C. 441-444. The SAFETY Act defines a QATT as “any product, equipment, service (including support services), device, or technology (including information technology) designed, developed, modified, or procured for the specific purpose of preventing, detecting, identifying, or deterring acts of terrorism or limiting the harm such acts might otherwise cause.” The statute provides sellers of QATTs with significant legal protections against third-party products liability lawsuits.

(2) The SAFETY Act is administered by DHS. The DHS regulations implementing this statute are found at 68 Federal Register 59684 (October 16, 2003) and 6 CFR 25.1-25.9. Additional information about the SAFETY Act is found on the DHS internet site at: <https://www.safetyact.gov>. Offerors are encouraged to contact the DHS for additional information about this program, and, in appropriate cases, to submit an application to the DHS requesting that their product, service, or technology be designated as a QATT.

(3) Eligibility for a SAFETY Act designation does not preclude the granting of indemnification under Public Law 85-804. The SAFETY Act’s liability protections, however, were designed to substantially reduce the need for the United States to provide indemnification to the sellers of anti-terrorism technologies.

(4) Executive Order (E.O.) 10789, governing the indemnification process, has been amended to require all Federal agencies, including the Department of the Army, to follow certain procedures to ensure that the potential applicability of the SAFETY Act is considered before any indemnification is granted for an anti-terrorism technology. Section 25(a) of E.O. 10789 provides that indemnification may not be approved with respect to any matter that has been or could be designated by the Secretary of Homeland Security as a QATT, unless, after consideration of the authority provided by the SAFETY Act, there has been a determination that indemnification is necessary for the timely and effective conduct of United States military or intelligence activities.

b. *Contents of Indemnification Requests.* In addition to providing the information required by Federal Acquisition Regulation 50.403-1, contractors are encouraged to fully explain why indemnification is necessary for the timely and effective conduct of United States military or intelligence activities, in view of the protections available under the SAFETY Act.

Full Text- 52.7500 CONTRACTOR DEPLOYMENT TO SOUTH WEST ASIA (DEC 2003).

a. Employees going on field visits, TDYs, and deployments to Southwest Asia (Kuwait, Iraq, Afghanistan, Djibouti, Jordan, Qatar, etc.) must coordinate with the AMC Logistics Support Element (LSE) in Southwest Asia (SWA). The AMC LSE SWA is the entry point for all AMC visitors to that part of the world. These ensure that AMC military, civilians and contractors are routed through the appropriate subordinate LSE or LAO. In briefs and out briefs are mandatory. The AMC LSEs and LAOs need to know who comes into the theater for accountability purposes and administrative oversight and force protection. The Area Commander is required to know the location of all AMC contractors in their Area of Operation at all times.

b. Notifying the AMC LSE SWA of the contractor's impending visit is not a problem, if a call forward has been requested, because the LSE SWA receives a copy of every call forward from the AMC Emergency Operations Center. Some employees may not receive a call forward, usually because they are going for less than 30 days. In those cases, the contractor needs to notify the C-E LCMC DCSPER Desk in the EOC at DSN 992-1762 or commercial 732-532-1762 of the visit and they will coordinate with LSE SWA.

c. All contractors are responsible for coordinating with the AMC LSE SWA when they enter the area and/or when they leave. The call forward specifically instructs the employee to contact the AMC-LSE SWA Personnel Section (G1) at DSN 318-825-4220 or commercial 732-427- 5062 x 6623 for military and civilians and 732-427-5062 x 6611 for contractors, to let them know where they are in the AOR and that requirement needs to be followed.

d. In addition, every travel order for SWA shall have the following statement in the remarks section:

1. "All AMC military (AC/RC), Department of the Army Civilians, and contractors will contact the appropriate AMC office and coordinate with the AMC office the purpose of their visits."

2. If are any questions, contractor employees may contact the DCSPER Desk in the EOC at DSN 992-1762 or commercial 732-532-1762.
