Responsibility for Timely submission of Reports

- (a) Procurement Data Requirements List (PDRL) No. ___, dated ___, requires the supplier to submit the reports listed on the PDRL no later than as specified in the SCHEDULE/REMARKS section of the PDRL. These reports shall be accurate and complete.
- (b) Failure to submit the individual reports as required by the PDRL, either at the time required or by submission of an incomplete report, subjects the Prime Contractor to possible business and contract consequences (above and beyond any penalty which may be imposed by the Government) for which compensation is difficult to fix. In the event the Subcontractor fails to submit any report required by the PDRL in a complete and timely manner, the Boeing Company shall, at the sole discretion of the Boeing Company and in addition to flowing through any Governmentally imposed penalty, be entitled to offset the sum of \$___ as liquidated damages and not as a penalty against Subcontractor.
- (c) In the event the Boeing Company elects to reverse any specific collection of liquidated damages, reimbursement of the Subcontractor by the Boeing Company shall not be deemed or otherwise found to set any precedent requiring a similar reimbursement on any other collection, nor shall such reimbursement prevent any other enforcement of this provision.
