14.0 Organizational Conflict of Interest (OCI)

Common Torrio and Conditions Cuide

Proposed suppliers that have signed a Government contract/subcontract with an OCI agreement as either prime or subcontractor for supplies or services related to hardware, software or support efforts, or performed work under any Government Contract that would result in a potential conflict as set forth in FAR 9.5, shall submit a written request to Buyer to obtain approval to participate in this acquisition. Any such request shall be submitted no later than 3 days from the date of Buyer's solicitation.

H-8 Non-Disclosure Agreements

During performance of the work, it may be necessary for supplier to exchange data and/or interface with Government support contractors. Seller agrees to negotiate in good faith any disclosure agreements required with such support contractors.

H-10 Impact of Government/Lockheed IPT Participation

Government personnel may frequently interface with Seller during Seller's performance of work. In so doing, they may offer advice, provide clarification and review Seller's work. Seller shall not construe such advice, clarification or review as a change under this contract.

1-7 SOURCE SURVEILLANCE

In addition to inspections as otherwise provided in this subcontract and at no increase in subcontract price, Buyer or its customer may assign product assurance representatives to Seller's facilities to conduct and maintain surveillance as necessary to ensure quality and reliability. Seller likewise shall reserve such right to Buyer with respect to Seller's lower-tier subcontractors. If such examination is made, Seller shall provide, and require its subcontractors to provide, such representatives with reasonable facilities, equipment and unescorted access (except in areas where proprietary processes or data are located in which case access shall be on an escorted basis) to all areas essential to the proper conduct of the above described activity.

Section 5 – Government Contract Requirements

Clause Number: 5043 Effective: 10/15/2002

Page: 6 of 9

1-9 APPROVALS BY BUYER

Unless expressly stipulated elsewhere in this purchase contract as being excepted from this provision, wherever this Purchase Contract provides for submittal of designs, components, materials, processes, or other items for approval of Buyer, such approvals shall not be construed as a complete check as to the adequacy of said design, materials, processes, components or items, nor as an agreement that the design, materials, processes, components or items will meet the requirements of this Purchase Contract. Such approvals are for the purpose of insuring Buyer's knowledge of Seller's plans and progress and will indicate only that Seller's general approach toward meeting contractual requirements is satisfactory. Such approvals shall in no way relieve Seller of the responsibility for any error or deficiency which may exist in the submitted design, component materials, processes, or other item, and Seller shall be responsible for meeting all the requirements of this Purchase Contract.

1-10 NOTICE REGARDING LATE DELIVERY – TIME OF THE ESSENCE

In the event Seller encounters difficulty in meeting performance requirements, or when Seller anticipates difficulty in complying with the subcontract delivery schedule or date, Seller shall immediately notify Buyer, in writing, giving pertinent details; provided, however, that this data shall be informational only in character and that this provision shall not be construed as a waiver by Buyer of any delivery schedule or of any rights or remedies provided by law or by this Purchase Contract. Time is of the essence in Seller's performance of this Purchase Contract.

1-11 DELIVERY – ADVANCE MANUFACTURING OR PROCUREMENT

Delivery according to schedule is a major condition of this Purchase Contract. Seller shall not, without Buyer's prior written consent, manufacture or procure materials in advance of Seller's normal flow time or deliver in advance of schedule. In the event of termination or change, no claim will be allowed for any such manufacture or procurement in advance of Seller's normal flow time unless there has been prior written consent of Buyer. Unless advance shipment has been authorized in writing by Buyer, Buyer may return without further authorization of Seller, shipping charges collect, or store at Seller's expense, items delivered in excess of the number ordered or items delivered without authorization in advance of the delivery date as specified for such items. Invoices submitted for unauthorized early shipments will not be processed until the original specified delivery date.

1-15 ACCIDENT REPORTING AND INVESTIGATION INVOLVING PRODUCTS AND SERVICES

(a) Seller shall report promptly to Buyer all pertinent facts relating to each accident involving products being developed, manufactured, modified, repaired, tested or overhauled under or in connection with this contract, or involving services being performed hereunder. Seller shall also report promptly to Buyer all significant

Section 5 – Government Contract Requirements

Clause Number: 5043 Effective: 10/15/2002 Page: 7 of 9

occurrences or incidents which could affect the safety or performance of the product or service.

- (b) Such notice shall be given by telephone or fax followed by a written report giving pertinent details of the accident or occurrence and the effect or potential effect on contract performance and product safety.
- (c) If Buyer, Buyer's customer or the cognizant Government Contracting Officer elects to conduct an investigation of the accident or occurrence, Seller will cooperate fully and assist until the investigation is complete.

Seller shall include the substance of this clause in each lower-tier subcontract which could have significant effect on performance, quality, reliability or safety of the products or services being provided under this purchase contract.

1-16 SAFETY AND ACCIDENT PREVENTION

- (a) In performing any work under this purchase contract on premises which are under the direct control of the Government or Buyer, Seller shall, and shall require its lower-tier subcontractors to (i) conform to all safety rules and requirements prescribed by Buyer or the cognizant Government Agency and (ii) take such additional precautions as Buyer or the Government may reasonably require for safety and accident prevention purposes. Seller agrees to take all reasonable steps and precautions to prevent accidents and preserve the life and health of personnel performing or in any way coming in contact with the performance of this contract on such premises.
- (b) In performing work under this subcontract on Buyer or Buyer controlled premises, Seller shall, and shall require it's lower-tier subcontractor to conform to the safety and health regulations of applicable Federal, State and local Occupational Safety and Health Agencies as well as those of Buyer.
- (c) Any violation of safety rules and regulations affecting work described in (a) and (b) above which results in injury or death or which endangers life or health personnel shall be grounds for termination for default of this purchase contract.
- (d) This purchase contract will be equitably adjusted under the Changes Clause if changes in safety regulations or requirements affecting work described in (a) and (b) above occurring after the date of this purchase contract affect costs, delivery or other provisions of this purchase contract.

1-30 OFFSET IN PRIME CONTRACT

If the Contracting Officer who has cognizance over Buyer's prime contract reduces the prime contract, or if Buyer's customer or Buyer is fined or penalized by a Government Agency, as a result of any violation of any Public Law or Federal Regulation by Seller or Seller's lower-tier subcontractors, Buyer shall reduce the amount of this purchase

subcontract by the same amount. If Buyer has already paid Seller, Seller shall, upon demand from Buyer, promptly repay to Buyer the amount of the offset. Exercise of Buyer's right under this clause shall not be a waiver of any rights Buyer has under any other clause or provision in this purchase contract.
