

- 1. FORMATION OF CONTRACT.** This proposed purchase contract, which incorporates by reference these General Provisions and all other terms and conditions set forth in this proposed purchase contract (collectively, the "Contract"), is Buyer's offer to purchase the services and any related goods, materials, and/or other deliverables (collectively, the "Services") described in this offer. Acceptance is strictly limited to the terms and conditions included in this offer. Unless specifically agreed to in writing by Buyer's Authorized Procurement Representative, Buyer objects to, and is not bound by, any term or condition that differs from or adds to this offer. Seller's commencement of performance or acceptance of this offer in any manner shall conclusively evidence acceptance of this offer as written. Seller's provision of the Services shall be governed solely by this Contract. Buyer and Seller are referred to herein as a "Party" or collectively as the "Parties."

Except as authorized herein, no amendment or modification of this Contract shall bind either Party unless it is in writing and is signed by the authorized representatives of the Parties.

- 2. SCOPE OF SERVICES.** Seller shall furnish the Services set forth in the Contract during the term of this Contract.
- 3. INDEPENDENT CONTRACTOR.** Seller is an independent contractor for all purposes. Seller shall have complete control over the performance of, and the details for accomplishing, the Services. In no event shall Seller or its agents, representatives or employees be deemed to be agents, representatives or employees of Buyer. Seller's employees shall be paid exclusively by Seller for all Services performed. Seller shall comply with all requirements and obligations relating to such employees under federal, state and local law (or foreign law, if applicable). Such compliance shall include, but not be limited to, laws regarding minimum wages, social security, unemployment insurance, federal and state income taxes and workers' compensation insurance.
- 4. STANDARDS.** Seller shall assign personnel satisfactory to Buyer. Buyer may, for good cause shown in Buyer's sole determination, require Seller to withdraw the services of any person and require that Seller promptly provide replacements for such person satisfactory to Buyer. Seller shall indemnify and hold harmless Buyer from and against any liabilities, claims, charges or suits for alleged losses, costs, damages or expenses arising from Buyer's exercise of its rights hereunder.

5. SCHEDULE

- a. Time is and shall remain of the essence in the performance of this Contract and Seller shall strictly adhere to the schedules specified in this Contract. Failure to deliver in accordance with the Contract schedule, if unexcused, shall constitute a material breach of this Contract. In the event of any anticipated or actual delay, including but not limited to delays attributed to labor disputes, Seller shall: (i) promptly notify Buyer in writing of the reasons for the delay and the actions being taken to overcome or minimize the delay; (ii) provide Buyer with a written recovery schedule; and (iii) if requested by Buyer, ship via air or expedited routing, at no additional cost to Buyer, to avoid or minimize delay to the maximum extent possible.
- b. Seller shall not deliver Services prior to the scheduled delivery dates unless authorized in writing by Buyer's Authorized Procurement Representative.

- 6. NOTICE TO BUYER OF LABOR DISPUTES.** Whenever Seller has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this Contract, Seller shall immediately give notice thereof, including all relevant information, to Buyer.

7. PACKING AND SHIPPING

- a. Seller shall pack the goods and materials to prevent damage and deterioration. Unless otherwise set forth in this Contract, Seller shall package the goods in accordance with the requirements of Boeing Document D37522-6 "Supplier Packaging". Buyer may charge Seller for damage to or deterioration of any goods resulting from improper packing or packaging.
- a. If the Contract specifies FOB destination (place of delivery), then in addition to any other shipping instructions, Seller shall forward goods freight prepaid. Seller shall make the transportation arrangements, pay the shipping costs, and remain responsible for the goods and materials until the goods and materials are delivered and the Buyer takes possession at the destination.
- c. If the Contract specifies FOB origin (place of shipment), then in addition to any other shipping instructions, Seller shall forward goods collect. For goods shipped within the United States, Seller shall make no declaration concerning the value of the goods shipped except on goods where the tariff rating is dependent upon released or declared value. In such event, Seller shall release or declare such value at the maximum value within the lowest rating. Seller shall ship the goods in accordance with the provisions set forth in the Boeing Domestic Shipment Routing Guide to be accessed through Buyer's supplier portal at <https://portal.exostar.com/>. Sellers need a One

Time Password (OTP) token to log into the Boeing Supplier Portal. Upon Buyer's request, Seller shall identify packaging charges showing material and labor costs for container fabrication.

- d. Seller shall provide with each container shipped under this Contract an Advanced Shipping Notice ("ASN"). For each container shipped, Seller shall provide two (2) readable copies of the ASN barcode as follows: one (1) copy is to be securely affixed to the outside of each container and one (1) copy is to be loose inside each container. Non-conforming shipments are subject to rejection and repackaging at Seller's expense. Instructions and guidelines related to the ASN process can be found on the Boeing Supplier Portal. Seller shall access by selecting the "Enterprise ASN Instructions" hyper-link under the header "Exostar Resources." A copy of these instructions can also be found at www.exostar.com.

8. CHANGES

- a. Buyer's Authorized Procurement Representative may, without notice to sureties and in writing, direct changes within the general scope of this Contract in any of the following: (i) technical requirements and descriptions, specifications, statement of work, drawings or designs; (ii) shipment or packing methods; (iii) place of delivery, inspection or acceptance; (iv) reasonable adjustments in quantities or delivery schedules or both; (v) amount of Buyer-furnished property; (vi) terms and conditions of this Contract required to meet Buyer's obligations under customer prime contracts or subcontracts; (vii) description of services to be performed; (viii) the time of performance (e.g., hours of the day, days of the week, etc.); and (ix) place of performance. Seller shall comply promptly with such direction. Except for the rights granted to Buyer under this Article, a change pursuant to this Article shall not give rise to nor authorize any other modification of or amendment to the terms and conditions of this Contract.
- b. If such change increases or decreases the cost or time required to perform this Contract, Buyer and Seller shall negotiate an equitable adjustment in the price or schedule, or both, to reflect the increase or decrease. Buyer shall modify this Contract in writing accordingly. Unless otherwise agreed in writing, Seller must assert any claim for adjustment to Buyer's Authorized Procurement Representative in writing within twenty-five (25) days, and deliver a fully supported proposal to Buyer's Authorized Procurement Representative within sixty (60) days, after Seller's receipt of such direction. Buyer may, at its sole discretion, consider any claim regardless of when asserted. If Seller's proposal includes the cost of property made obsolete or excess by the change, Buyer may direct the disposition of the property. Buyer may examine Seller's pertinent books and records to verify the amount of Seller's claim. Failure of the Parties to agree upon any adjustment shall not excuse Seller from performing in accordance with Buyer's direction.
- c. If Seller considers that Buyer's conduct constitutes a change, Seller shall notify Buyer's Authorized Procurement Representative promptly in writing as to the nature of such conduct and its effect upon Seller's performance. Pending direction from Buyer's Authorized Procurement Representative, Seller shall take no action to implement any such change.

9. SUSPENSION OF WORK

- a. Buyer's Authorized Procurement Representative may, by written order, suspend all or part of the work to be performed under this Contract for a period not to exceed one hundred (100) days. Within such period of any suspension of work, Buyer shall: (i) cancel the suspension of work order; (ii) terminate this Contract in accordance with the "Termination for Convenience" Article of this Contract; (iii) cancel this Contract in accordance with the "Cancellation for Default" Article of this Contract if grounds for default exist; or (iv) extend the stop work period.
- b. Seller shall resume work whenever a suspension is canceled. Buyer and Seller shall negotiate an equitable adjustment in the price or schedule or both if: (i) this Contract is not canceled or terminated; (ii) the suspension results in a change in Seller's cost of performance or ability to meet the Contract delivery schedule; and (iii) Seller submits a claim for adjustment within twenty (20) days after the suspension is canceled.

10. **TERMINATION FOR CONVENIENCE.** Buyer may terminate all or part of this Contract for its sole convenience. In the event of such termination, Seller shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to stop work. Subject to the terms of this Contract, within ninety (90) days after the effective date of termination, Seller may submit to Buyer a claim reflecting the percentage of the work performed prior to the effective date of termination, plus reasonable charges that Seller can demonstrate to the satisfaction of Buyer using its standard record keeping system have resulted from the termination. Seller shall not be paid for any work performed or costs incurred which reasonably could have been avoided. Further, Seller shall not be paid, and in no event shall Buyer be obligated to pay, lost or anticipated profits or unabsorbed indirect costs or overhead. In no event shall Buyer be obligated to pay Seller any amount in excess of the Contract price. The provisions of this Article shall not limit or affect the right of Buyer to cancel this Contract for default. Seller shall continue all work not terminated.

11. CANCELLATION FOR DEFAULT

- a. Buyer may, by written notice to Seller, cancel all or part of this Contract: (i) if Seller fails to deliver the Services within the time specified by this Contract or any written extension; (ii) if Seller fails to perform any other provision of this Contract or fails to make progress, so as to endanger performance of this Contract, and, in either of these two circumstances, within ten (10) days after receipt of notice from Buyer specifying the failure, does not cure the failure or provide Buyer with a written detailed plan adequate to cure the failure if such failure reasonably cannot be cured within such ten (10) days and such plan is acceptable to Buyer's Authorized Procurement Representative; or (iii) in the event of Seller's bankruptcy, suspension of business, insolvency, appointment of a receiver for Seller's property or business, or any assignment, reorganization or arrangement by Seller for the benefit of its creditors.
- b. Seller shall continue all Services not canceled. If Buyer cancels all or part of this Contract, Seller shall be liable for Buyer's excess re-procurement costs.
- c. Buyer may require Seller to transfer title and deliver to Buyer, as directed by Buyer, any (i) completed goods, and (ii) any partially completed goods and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (collectively, "Manufacturing Materials") that Seller has specifically produced or acquired for the canceled portion of this Contract. Upon direction from Buyer, Seller shall also protect and preserve property in its possession in which Buyer or its customer has an interest.
- d. Buyer shall pay the Contract price for completed goods accepted. In addition, any payment for Manufacturing Materials accepted by Buyer and for the protection and preservation of property shall be at a price determined in accordance with the "Termination for Convenience" Article of this Contract, except that Seller shall not be entitled to profit. Buyer may withhold from any amount due under this Contract any sum Buyer determines to be necessary to protect Buyer or Buyer's customer against loss because of outstanding liens or claims of former lien holders.
- e. If, after cancellation, it is determined that Seller was not in default, the rights and remedies of the Parties shall be as if the Contract had been terminated according to the "Termination for Convenience" Article of this Contract.

12. FORCE MAJEURE. Seller shall not be liable for the excess re-procurement costs pursuant to the "Cancellation for Default" Article of this Contract incurred by Buyer because of any failure to perform this Contract under its terms if the failure arises from causes beyond the control and without the fault or negligence of Seller. Examples of these causes are: (a) acts of God or of the public enemy; (b) acts of the Government in either its sovereign or contractual capacity; (c) fires; (d) floods; (e) epidemics; (f) quarantine restrictions; (g) strikes; (h) freight embargoes; and (i) unusually severe weather. In each instance, the failure to perform must be beyond the control and without the fault or negligence of Seller. If Seller's failure is caused by the failure of a subcontractor of Seller and if such failure arises out of causes beyond the reasonable control of both, and if such failure is without the fault or negligence of either, Seller shall not be liable for excess re-procurement costs unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Seller to meet the required delivery schedules. Seller shall notify Buyer in writing within ten (10) days after the beginning of any such cause(s). In all cases, Seller shall use reasonable efforts to avoid or minimize all such failures, including exercising work-around plans or obtaining the Services from other sources.

13. QUALITY CONTROL. Seller shall establish and maintain a quality control system acceptable to Buyer for the Services purchased under this Contract. Seller shall permit Buyer to review procedures, practices, processes and related documents to determine such acceptability.

14. SELLER NOTICE OF DISCREPANCIES. Seller shall promptly notify Buyer in writing when discrepancies in Seller's process, including any violation of or deviation from Seller's approved inspection/quality control system, or goods/materials are discovered or suspected which may affect the Services delivered or to be delivered under this Contract.

15. INSPECTION

- a. At no additional cost to Buyer, Services shall be subject to inspection, surveillance and test at reasonable times and places, including Seller's subcontractors' locations. Buyer shall perform inspections, surveillance and tests so as not to unduly delay the work.
- b. Seller shall maintain an inspection system acceptable to Buyer for the Services purchased under this Contract.
- c. If Buyer performs an inspection or test on the premises of Seller or its subcontractors, Seller shall furnish, and require its subcontractors to furnish, without additional charge, reasonable facilities and assistance for the safe and convenient performance of these duties.
- d. Buyer's rights to perform inspections, surveillance and tests and to review procedures, practices, processes and related documents related to quality assurance, quality control, flight safety and configuration control shall extend to the customers of Buyer that are departments, agencies or instrumentalities of the United States Government, including the United States Government Federal Aviation Administration and any successor agency or

instrumentality of the United States Government. Buyer may also, at Buyer's option, by prior written notice from Buyer's Authorized Procurement Representative, extend such rights to other customers of Buyer and to agencies or instrumentalities of foreign governments equivalent in purpose to the Federal Aviation Administration. Seller shall cooperate with any such United States Government-directed or Buyer-directed inspection, surveillance, test or review without additional charge to Buyer. Nothing in this Contract shall be interpreted to limit United States Government access to Seller's facilities pursuant to law or regulation.

16. ACCEPTANCE AND REJECTION

- a. Buyer shall accept the Services or give Seller notice of rejection within a reasonable time after the date of delivery. No payment, prior test, inspection, passage of title, any failure or delay in performing any of the foregoing, or failure to discover any defect or other nonconformance shall relieve Seller of any obligations under this Contract or impair any rights or remedies of Buyer.
- b. If Seller delivers defective or non-conforming Services, Buyer may at its option and at Seller's expense: (i) require Seller to promptly reperform, correct or replace the Services; (ii) correct the Services; or (iii) obtain replacement Services from another source. Return to Seller of defective or non-conforming Services and redelivery to Buyer of corrected or replaced Services shall be at Seller's expense.
- c. Seller shall not redeliver corrected or rejected Services without disclosing the former rejection or requirement for correction. Seller shall disclose any corrective action taken. All repair, replacement and other correction and redelivery shall be completed as Buyer may reasonably direct.

17. WARRANTY

- a. Seller warrants that:
 - i. The Services shall be performed by employees or agents of Seller who are experienced and skilled in their profession and in accordance with industry standards;
 - ii. The Services shall be free from defects in workmanship and conform to the requirements of this Contract; and
 - iii. The Services shall not infringe any patent, copyright, trademark, or other proprietary right of any third party or misappropriate any trade secret of any third party.
- b. To the extent Seller's delivery of Services includes materials or goods, Seller further warrants that:
 - i. The materials or goods shall conform to all specifications and requirements under this Contract and shall be free from defects in materials;
 - ii. To the extent the materials or goods are not manufactured pursuant to detailed designs and specifications furnished by Buyer, such materials or goods shall be free from design and specification defects;
 - iii. The materials or goods shall be free from liens or encumbrances;
 - iv. The materials or goods shall not contain any viruses, malicious code, trojan horse, worm, time bomb, self-help code, back door, or other software code or routine designed to: (a) damage, destroy or alter any software or hardware; (b) reveal, damage, destroy, or alter any data; (c) disable any computer program automatically; or (d) permit unauthorized access to any software or hardware; and
 - v. The materials or goods shall not contain any third-party software (including software that may be considered free software or open source software) that: (a) may require any software to be published, accessed or otherwise made available without the consent of Buyer; (b) may require distribution, copying or modification of any software free of charge; (c) may require disclosure, license or redistribution of source code; (d) may require the grant of rights in excess of those granted by Boeing in its standard end user license agreements; (e) may require that others have the right to modify the code; or, (f) may impose additional requirements on redistribution such as inclusion of additional license agreements for specific code modules.
- c. This warranty shall begin upon Buyer's final acceptance of the Services and shall survive inspection, test and payment for, the Services. This warranty shall extend for a period of one (1) year or such period as set forth elsewhere in this Contract, and Buyer shall give Seller notice after discovery of any defect or nonconformance in the Services. This warranty shall run to Buyer and its successors, assigns and customers. In the event of any defect or non-conforming Services, Buyer may, at its option and at Seller's expense, either (i) require correction, replacement or reperformance of any defective or nonconforming Services, or (ii) make an equitable adjustment in the price of this Contract. Any Services corrected, replaced or reperformed shall be subject to the requirements of this Contract to the same extent as Services initially performed.

18. COUNTERFEIT GOODS

- a. Seller shall not furnish Counterfeit Goods to Buyer, defined as goods or separately-identifiable items or components of goods that: (i) are an unauthorized copy or substitute of an Original Equipment Manufacturer or Original Component Manufacturer (collectively, "OEM") item; (ii) are not traceable to an OEM sufficient to ensure authenticity in OEM design and manufacture; (iii) do not contain proper external or internal materials or components required by the OEM or are not constructed in accordance with OEM design; (iv) have been re-worked, re-marked, re-

labeled, repaired, refurbished, or otherwise modified from OEM design but not disclosed as such or are represented as OEM authentic or new; or (v) have not passed successfully all OEM required testing, verification, screening, and quality control processes. Notwithstanding the foregoing, Services or items that contain modifications, repairs, rework, or re-marking as a result of Seller's or its subcontractor's design authority, material review procedures, quality control processes or parts management plans, and that have not been misrepresented or mismarked, shall not be deemed Counterfeit Goods. Counterfeit Goods shall be deemed nonconforming to this Contract.

- b. Seller shall implement appropriate processes to ensure that goods furnished to Buyer under this Contract are not Counterfeit Goods. Such processes are subject to Buyer review. Seller's processes shall include, but are not limited to, the direct procurement of items from OEMs or authorized suppliers, conducting approved testing or inspection to ensure the authenticity of items, and, when items are to be procured from non-authorized suppliers, obtaining from such non-authorized suppliers appropriate certificates of conformance that provide one or more of the following: (i) the OEM's original certificate of conformance for the item; (ii) sufficient records providing unbroken supply chain traceability to the OEM; or (iii) test and inspection records demonstrating the item's authenticity.
- c. If Seller becomes aware or suspects that it has furnished Counterfeit Goods to Buyer under this Contract, Seller promptly, but in no case later than thirty (30) days from discovery, shall notify Buyer and replace, at Seller's expense, such Counterfeit Goods with OEM or Buyer-approved goods that conform to the requirements of this Contract. Seller shall be liable for all costs related to the delivery or replacement of Counterfeit Goods including any testing or validation costs necessitated by the installation of authentic goods in replacement of Counterfeit Goods.
- d. Seller bears responsibility for procuring authentic goods or items from its subcontractors and shall ensure that all such subcontractors comply with the requirements of this Article.

19. RESERVED

20. INVOICE AND PAYMENT. As compensation for Services to be performed by Seller, Buyer shall pay Seller as set forth in this Contract. Buyer shall have no liability for any other expenses or costs incurred by Seller. Payment due date, including discount periods, shall be computed from the date of the later of the scheduled delivery date of Service, the actual delivery date of Service or the date of receipt of a correct invoice. Payment shall be processed on the next payment system run following the computed payment due date. Payment shall be deemed to have been made on the date the Buyer's check is mailed or payment is otherwise tendered. Seller shall promptly repay to Buyer any amounts paid in excess of amounts due Seller. Payment shall be subject to the standard payment process set forth elsewhere in the Contract or as set forth at: <http://www.boeing suppliers.com>.

Except for amounts invoiced under articles Termination for Convenience or Cancellation for Default, Seller shall be deemed to have waived all charges and fees that are not invoiced within ninety (90) calendar days after the end of the calendar year in which the charges were incurred.

21. TAXES. Unless this Contract specifies otherwise, the price of this Contract includes, and Seller is liable for and shall pay, all taxes, impositions, charges and exactions imposed on or measured by this Contract except for applicable sales and use taxes that are separately stated on Seller's invoice. Prices shall not include any taxes, impositions, charges or exactions for which Buyer has furnished a valid exemption certificate or other evidence of exemption.

22. FINANCIAL RECORDS AND AUDIT. Seller shall retain all financial records and documents pertaining to the Services for a period of no less than three years after final payment. Such records and documents shall date back to the time this Contract was issued and shall include, without limitation, catalogs, price lists, invoices, underlying data and basis for cost estimates, and inventory records. Buyer shall have the right to examine, reproduce and audit all Seller records related to pricing, performance and proposed costs associated with any proposals (prior to or after contract award), invoices or claims.

23. SELLER FINANCIAL REVIEW

- a. Seller shall provide financial data as specified below, on a quarterly basis, or as requested, to Buyer for credit and financial condition reviews by Buyer's Enterprise Credit Risk office. If Seller itself is publicly traded (not a subsidiary of a publicly-traded company) and is required to file reports with the Securities and Exchange Commission ("SEC"), Buyer shall obtain Seller financial data from information made available to the general public via 10-K and 10-Q reporting requirements. In the event that Seller does not submit financial statements to the SEC or is no longer required to do so during the term of this Contract, Seller shall provide financial data on a quarterly basis to Buyer. Such financial data shall include, but is not limited to, balance sheets, schedule of accounts payable and receivable, major lines of credit, creditors, income statements (profit and loss), cash flow statements, firm backlog, and headcount. Copies of such data are to be made available within seventy-two (72) hours of any written request by Buyer. All such information shall be treated as confidential.

- b. This provision shall not apply if Seller is a nonprofit education or research institution associated with state or provincial universities, an agency of the United States government or of state governments, an entity that is at least fifty percent (50%) directly owned by Buyer, or an individual providing Services when the individual is the sole employee (inclusive of subcontractors) of the Seller.

24. CONFIDENTIAL, PROPRIETARY, AND TRADE SECRET INFORMATION AND MATERIALS

- a. Buyer and Seller shall each keep confidential and protect from unauthorized use and disclosure all (i) confidential, proprietary and/or trade secret information of a Party or third party disclosed by a Party; (ii) software provided under this Contract in source code form or identified as subject to this Article; and (iii) tooling identified as subject to this Article: in each case that is obtained, directly or indirectly, from the other in connection with this Contract or Buyer's contract with its customer, if any, (collectively referred to as "Proprietary Information and Materials"). Proprietary Information and Materials excludes information that is, as evidenced by competent records provided by the receiving Party, known to the receiving party or lawfully in the public domain, in the same form as disclosed hereunder, disclosed to the receiving Party without restriction by a third party having the right to disclose it, or developed by the receiving Party independently without use of or reference to the disclosing Party's Proprietary Information and Materials.
- b. Buyer and Seller shall use Proprietary Information and Materials disclosed by the other Party only to perform and for the purpose of this Contract, other contracts between the Parties, and Buyer's contract with its customer, if any and shall not disclose such Proprietary Information and Materials to any third party except as expressly set forth herein. Buyer may also, at any time use, reformat, copy or disclose Seller's Proprietary Information and Materials to: (i) to fulfill Buyer's obligations under this Contract, other contracts with Seller, and Buyer's contract with its customer, if any; (ii) test, certify, use, sell or support Services delivered under this Contract or Buyer's product containing such Services; (iii) evaluate Seller products and proposals, develop solicitations for Seller products and develop interfaces or parameters for Boeing products; (iv) perform or obtain data analysis or risk mitigation; (v) obtain data storage, hosting and other outsourced services and (vi) ensure regulatory or legal compliance. Any such disclosure by Buyer shall, when appropriate, include a suitable restrictive legend.
- c. Seller may disclose Proprietary Information and Materials of Buyer to its subcontractors as required to perform this Contract, if Seller includes a suitable restrictive legend on such disclosures, and if each such subcontractor has agreed in writing to obligations no less restrictive than those imposed upon Seller under this Article. Seller shall be liable to Buyer for any breach of such obligation by such subcontractor.
- d. A Party may disclose received Proprietary Information and Materials in response to a subpoena or court order, if the receiving Party has used reasonable efforts to give the disclosing Party advance written notice of such requirement to allow the disclosing Party to: (i) seek a protective order or other remedy; (ii) consult with respect to resisting or narrowing the scope of such requirement; or (iii) modify or waive compliance with this section. If such protective order or remedy is not timely obtained, the receiving Party shall use commercially reasonable efforts to disclose only Proprietary Information and Materials legally required to be disclosed and to require confidential treatment of such disclosure.
- e. Upon Buyer's request, and in any event upon the completion, termination or cancellation of this Contract, Seller shall return to Buyer all of Buyer's Proprietary Information and Materials and all materials derived therefrom, unless Buyer specifically directs otherwise in writing. Seller shall not dispose of (as scrap or otherwise) any Services, parts or other materials containing, conveying, embodying or made in accordance with or by reference to any Buyer Proprietary Information and Materials without rendering them unusable. Further, Seller shall not, without a separate license agreement or other written approval from Buyer, make, use, or sell any Services, parts or materials containing, conveying, embodying or made in accordance with or by reference to Buyer Proprietary Information and Materials except as required to perform this Contract.
- f. The provisions of this Article are effective notwithstanding of any restrictive legends or notices on Proprietary Information and Materials and shall survive the completion, termination or cancellation of this Contract. Buyer shall have the right to audit Seller's compliance with this Article.

- 25. INTELLECTUAL PROPERTY INDEMNITY.** Seller shall indemnify, defend and hold harmless Buyer and its customer from all claims, suits, actions, awards (including, but not limited to, awards based on intentional infringement of patents), liabilities, damages, costs and attorneys' fees related to the actual or alleged infringement of any intellectual property right or misappropriation or wrongful use of information or documents, and arising out of or related to the use, manufacture, reproduction, sale or other distribution of Services by Buyer or its customer. Buyer and/or its customer shall timely notify Seller of any such claim, suit or action. Seller shall, at its own expense, defend such claim, suit or action and Buyer shall have the right to participate in the defense at its own expense. Seller shall have no obligation to indemnify Buyer for infringement arising from (i) the compliance of Seller's new product design with formal specifications issued by Buyer where infringement could not be avoided in complying with such specifications or (ii) use or sale of Services for other than their intended application when such infringement would not have occurred from the use or sale

of those Services solely for the purpose for which they were designed or sold by Seller. The exception in (i) above shall not apply if the infringement arises out of adherence to one or more industry standards or regulatory requirements. For purposes of this Article only, the term Buyer shall include The Boeing Company, all Boeing subsidiaries and all officers, agents and employees of Boeing or its subsidiaries.

26. INTELLECTUAL PROPERTY

a. Definitions:

"Intellectual Property" or ("IP") means inventions, discoveries and improvements; know-how, works of authorship, technical data, drawings, specifications, process information, reports and documented information; and computer software.

"IP Rights" means all worldwide common law and statutory rights to the IP, including but not limited to rights under patents, industrial designs, trade secrets, copyrights and mask work registrations.

"Background IP" means all IP and IP Rights owned or controlled by Seller prior to the effective date or outside the scope of this Contract.

"Foreground IP" means IP and IP Rights conceived, developed or created by, for or with Seller either alone or with third parties, in the performance of this Contract, including modifications to any Buyer Specification suggested by Seller.

"Buyer Specifications" means performance specifications, specification control documentation, interface control documents, schematics, definitions, configurations, and certification data, and all IP Rights therein, used or intended to be used by Boeing: (i) to establish and define (1) requirements for the Services and associated processes, service level, system specification, certification, and configuration; and (2) architecture descriptions for the Services and associated processes, service, and system; and (ii) to procure and certify Services or similar products and to assure integration of the Services or similar product with a Boeing product or other systems and equipment included in a Boeing product.

b. Seller-Owned IP. Seller shall retain ownership of its Background IP and any Foreground IP not assigned to Buyer pursuant to paragraph d. below (collectively, the "Seller-Owned IP"). Seller grants to Buyer an irrevocable, nonexclusive, sublicensable, perpetual, paid-up, royalty-free, worldwide license to exercise all IP Rights in Seller-Owned IP solely to the extent that such Seller-Owned IP would otherwise interfere with Boeing's or its suppliers', or Customers' use or enjoyment of the Services, Buyer Specifications or Buyer-owned IP. In addition, if Buyer cancels all or part of this Contract for Seller default in accordance with the "Cancellation for Default" Article of this Contract, Seller hereby grants Buyer the right to exercise all IP Rights in Seller-Owned IP for the purpose of preventing interruptions to or stoppage of Boeing's production lines or delivery of Boeing's products to Customers.

c. Third Party IP. If Seller incorporates third-party IP into any contract deliverable, Seller shall obtain for Buyer at least the license rights granted in paragraph b of this Article in such third-party IP, at no additional cost to Buyer and hereby grant such rights to Buyer.

d. Foreground IP. This subparagraph d. shall not apply to unmodified commercial off-the-shelf goods. If Services or goods are developed, modified or redesigned pursuant to this Contract then the paragraphs below apply.

i. All Foreground IP shall be the exclusive property of Buyer.

ii. Seller hereby irrevocably assigns to Buyer all right, title and interest in the Foreground IP for no additional charge. Seller shall protect Foreground IP as Proprietary Information and Materials under this Contract and shall mark documents or portions of documents containing Foreground IP as "Boeing Proprietary" information or as otherwise directed by Buyer in writing.

iii. Seller shall, within two (2) months after conception or first actual reduction to practice of any invention and prior to Contract completion, disclose in writing to Buyer all inventions assigned hereunder, whether or not patentable, in sufficient technical detail to clearly convey the invention to one skilled in the art to which the invention pertains. Seller shall promptly execute all written instruments, and assist as Buyer reasonably directs in order to file, acquire, prosecute, maintain, enforce and assign Buyer's Foreground IP rights. If Seller does not or cannot execute instruments or assist Buyer as described above, Seller hereby irrevocably appoints Buyer and any of Buyer's officers and agents as Seller's attorney in fact to act on Seller's behalf and instead of Seller, with the same legal force and effect as if executed by Seller, with respect to executing any such written instruments.

e. Buyer-Owned IP. Buyer shall retain ownership of all Buyer IP provided hereunder, including the Buyer Specifications, and of any Foreground IP assigned to Buyer pursuant to paragraph d. above (collectively, the "Buyer-Owned IP"). Buyer grants to Seller a non-exclusive, royalty-free right during the term of this Contract to exercise all IP Rights in the Buyer-Owned IP solely as necessary for Seller to perform its obligations under this Contract. Seller shall not, without Buyer's prior written consent, use Buyer-Owned IP or any derivative works of any of the Buyer-Owned IP in any manner not authorized under this Contract, including, but not limited to, developing, manufacturing, obtaining a certification to manufacture, offering for sale or selling any product, equipment, or service which utilizes or is enabled by Buyer-Owned IP.

27. ASSIGNMENT AND CHANGE OF CONTROL

- a. Seller shall not and shall cause its affiliates not to, directly, indirectly, voluntarily or involuntarily, in each case, whether by transfer, operation of law, or otherwise, undergo a Change of Control (as defined in subparagraph b below) or otherwise assign this Contract, assign any of its rights or interest in this Contract, delegate any of its obligations under this Contract, or subcontract for all or substantially all of its performance of this Contract (each, a "Transaction"), without Buyer's prior written consent after advance written notice by Seller. No purported Transaction, with or without Buyer's consent, shall relieve Seller of any of its obligations under this Contract or prejudice any rights or claims that Buyer may have against Seller, whether such obligations, rights or claims, as the case may be, arise before or after the date of any purported Transaction; provided however, that Seller may assign its right to monies due or to become due under this Contract, and this Article does not limit Seller's ability to purchase standard commercial supplies or raw material in connection with its performance of this Contract.
