Boeing reserves the right to request the Seller to ship at their own expense, all items shipped after due date quoted to Boeing. Boeing may request prepaid Air Express service or prepaid ground service depending upon the schedule impact. Nothing herein shall prejudice any of the rights or remedies provided to Boeing in the applicable Order or by law including, without limitation, the right to recover any additional production and/or administrative costs directly resulting from a Supplier delay.

A. In performing the obligations of this Agreement, both Parties will comply with United States export control and sanctions laws, regulations, and orders, as they may be amended from time to time, applicable to the export and re-export of goods, software, technology, or technical data ("Items") or services, including without limitation the Export Administration Regulations ("EAR"), International Traffic in Arms Regulations ("ITAR"), and regulations and orders administered by the Treasury Department's Office of Foreign Assets Control (collectively, "Export Control Laws").

The Parties acknowledge that this representation means that an official capable of binding the Party providing such Items knows or has otherwise determined that such Items, and the parts and components thereof, are not on the ITAR's Munitions List at 22 C.F.R. sub section 121.1. Each Party agrees to reasonably cooperate with the other in providing, upon request of the other Party, documentation or other information that supports or confirms this representation.

4. QUALITY CONTROL. Seller shall establish and maintain a quality control system acceptable to Buyer for the Goods purchased under this contract. Seller shall permit Buyer to review procedures, practices, processes and related documents to determine such acceptability. Seller shall have a continuing obligation to promptly notify Buyer of any violation of or deviation from Seller's approved inspection/quality control system and to advise Buyer of the quantity and specific identity of any Goods delivered to Buyer during the period of any such violation or deviation.

5. SELLER'S NOTICE OF DISCREPANCIES. Seller shall notify Buyer in writing when discrepancies in Seller's process or Goods are discovered or suspected regarding Goods delivered or to be delivered under this contract.

7. ACCEPTANCE AND REJECTION

- a. Buyer shall accept the Goods or give Seller notice of rejection or revocation of acceptance ("rejection" herein), notwithstanding any payment, prior test or inspection, or passage of title. Buyer may reject any Product which does not strictly conform to the requirements of the applicable Order. No inspection, test, delay or failure to inspect or test or failure to discover any defect or other nonconformance shall relieve Seller of any obligations under this contract or impair any rights or remedies of Buyer. Whenever practical, Buyer will coordinate with Seller prior to disposition of the rejected Product(s), however, Buyer shall retain final disposition authority with respect to all rejections
- b. If Seller delivers non-conforming Goods, Buyer may at its option and at Seller's expense : (a) return such Products without permitting any repair, replacement or other correction by Seller; (b) hold or retain such Products for repair by Seller or, at Buyer's election, for repair by Buyer with such assistance from Seller as Buyer may require; (c) hold such Products until Seller has delivered conforming replacements for such Products; (d) hold such Products until conforming replacements are obtained from a third party; (e) return such Products with instructions to Seller as to whether the Products shall be repaired or replaced and as to the manner of redelivery or (f) return such Products with instructions that they be scrapped. - c. All costs and expenses and loss of value incurred as a result of or in connection with nonconformance and repair, replacement or other correction may be recovered from Seller by equitable price reduction or credit against any amounts that may be owed to Seller under this contract or otherwise.

8. WARRANTY

Seller warrants that all Goods furnished under this contract shall conform to all specifications and requirements of this contract and shall be free from defects in materials and workmanship. To the extent Goods are not manufactured pursuant to detailed designs and specifications furnished by Buyer, the Goods shall be free from design and specification defects. This warranty shall survive inspection, test and acceptance of, and payment for, the Goods. This warranty shall run to Buyer and its successors, assigns and customers. Such warranty shall begin after Buyer's final acceptance. Buyer

may, at its option, either (i) return for credit or refund, or (ii) require prompt correction or replacement of the defective or non-conforming Goods. Return to Seller of defective or non-conforming Goods and redelivery to Buyer of corrected or replaced Goods shall be at Seller's expense. Goods required to be corrected or replaced shall be subject to this article and the "Inspection" article of this contract in the same manner and to the same extent as Goods originally delivered under this contract, but only as to the corrected or replaced part or parts thereof. Even if the parties disagree about the existence of a breach of this warranty, Seller shall promptly comply with Buyer's direction to: (i) repair, rework or replace the Goods, or (ii) furnish any materials or parts and installation instructions required to successfully correct the defect or nonconformance. If the parties later determine that Seller did not breach this warranty, the parties shall equitably adjust the contract price.

9. TAXES. Unless this contract specifies otherwise, the price of this contract includes, and Seller is liable for and shall pay, all taxes, impositions, charges and exactions imposed on or measured by this contract except for applicable sales and use taxes that are separately stated on Seller's invoice. Prices shall not include any taxes, impositions, charges or exactions for which Buyer has furnished a valid exemption certificate or other evidence of exemption.

10. INVOICES AND PAYMENT. Unless otherwise specified in the order, the prices stated in the order are fixed prices and are stated as specified on the order. Unless otherwise authorized by Buyer's Authorized Procurement Representative, Seller shall issue a separate original invoice for each delivery of Goods that shall include Buyer's contract number and line item number. Seller shall forward its invoice to the address specified elsewhere in this contract. Unless freight or other charges are itemized, Buyer may take any offered discount on the full amount of the invoice. Payment due date, including discount periods, shall be computed from the later of the scheduled delivery of Goods date, the actual delivery of Goods date or the date of receipt of a correct invoice. Payment shall be deemed made on the date Buyer's check is mailed or payment is otherwise tendered. Seller shall promptly repay Buyer any amounts paid in excess of amounts due Seller. **RECURRING PRICE** - Unless otherwise provided under the applicable Order or written agreement between the parties, payment shall be (net) thirty (30) calendar days. Except as otherwise provided on applicable Order identifying Pay-From Receipt, payment due dates, including discount periods, shall be computed from (a) the date of receipt of the Product, (b) the date of receipt of a correct (proper) invoice or (c) the scheduled delivery date of such Product, whichever is last. Unless freight and other charges are itemized, any discount shall be taken on the full amount of the invoice. All payments are subject to adjustment for shortages, credits and rejections. A separate invoice shall be issued for each shipment.

NON-RECURRING PRICE/SPECIAL CHARGES - Unless otherwise provided in the applicable Order, any non-recurring price payable by Boeing will be paid within the term discount period or thirty (30) calendar days (whichever is later) after receipt by Boeing of acceptable Products, complete First Article Inspection report (as required), and a correct invoice and where required, a completed certified tool list (CTL).

During the period of performance of this Agreement, Seller shall maintain an electronic trading account with Exostar (www.Exostar.com) if applicable for the exchange and release of Order information.

11. CHANGES

- a. Buyer's Authorized Procurement Representative may, without notice to sureties and in writing, direct changes within the general scope of this contract in any of the following: (i) technical requirements and descriptions, specifications, statement of work, drawings or designs; (ii) shipment or packing methods; (iii) place of delivery, inspection or acceptance; (iv) reasonable adjustments in quantities or delivery schedules or both; (v) amount of Buyer-furnished property; (vi) terms and conditions of this contract required to meet Buyer's obligations under Government prime contracts or subcontracts; and, if this contract includes services, (vii) description of services to be performed; (viii) time of performance (e.g., hours of the day, days of the week); and (ix) place of performance. Seller shall comply immediately with such direction.
- b. If such change increases or decreases the cost or time required to perform this contract, Buyer and Seller shall negotiate an equitable adjustment in the price or schedule, or both, to reflect the increase or decrease. Buyer shall modify this contract in writing accordingly. Unless otherwise agreed in writing, Seller must assert any claim for adjustment to Buyer's Authorized Procurement Representative in writing within 25 days and deliver a fully supported proposal to Buyer's Authorized Procurement Representative within 60 days after Seller's receipt of such direction. Buyer may, at its sole discretion, consider any claim regardless of when asserted. If Seller's proposal includes the cost of property made obsolete or excess by the change, Buyer may direct the disposition of the property. Buyer may examine Seller's pertinent books and records to verify the amount of Seller's claim. Failure of the parties to agree upon any adjustment shall not excuse Seller from performing in accordance with Buyer's direction.
- c. If Seller considers that Buyer's conduct constitutes a change, Seller shall notify Buyer's Authorized Procurement Representative immediately in writing as to the nature of such conduct and its effect upon Seller's performance. Pending direction from Buyer's Authorized Procurement Representative, Seller shall take no action to implement any such change.

12. DISPUTES. Any dispute that arises under or is related to this contract that cannot be settled by mutual agreement of the parties may be decided by a court of competent jurisdiction. Pending final resolution of any dispute, Seller shall proceed with performance of this contract according to Buyer's instructions so long as Buyer continues to pay amounts not in dispute.

13. FORCE MAJEURE. Seller shall not be liable for excess procurement costs pursuant to the "Cancellation for Default" article of this contract, incurred by Buyer because of any failure to perform this contract under its terms if the failure arises from causes beyond the control and without the fault or negligence of Seller. Examples of these causes are (a) acts of God or of the public enemy, (b) acts of the Government in either its sovereign or contractual capacity, (c) fires, (d) floods, (e) epidemics, (f) quarantine restrictions, (g) strikes, (h) freight embargoes and (i) unusually severe weather. In each instance, the failure to perform must be beyond the control and without the fault or negligence of Seller. If the delay is caused by delay of a subcontractor of Seller and if such delay arises out of causes beyond the reasonable control of both, and if such delay is without the fault or negligence of either, Seller shall not be liable for excess costs unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Seller to meet the required delivery schedules. Seller shall notify Buyer in writing within 10 days after the beginning of any such cause.

14. TERMINATION FOR CONVENIENCE. Buyer may terminate all or part of this contract, effective as of the date specified by Buyer, in accordance with the provisions of Federal Acquisition Regulation ("FAR") 52.249-2 (Sep 96), "Termination for Convenience of the Government (Fixed Price)," which provisions, except for subparagraphs (d) and (j), are incorporated herein by reference. The terms "Government" and "Contracting Officer" shall mean "Buyer," "Contractor" shall mean "Seller," and the phrase "1 year" is deleted each place it occurs and "six months" is substituted in its place. The time for requesting an equitable adjustment under subparagraph (l – lower case letter L) is reduced to 45 days. Settlements and payments under this article may be subject to approval by the Contracting Officer and the Settlement Review Board.

15. CANCELLATION FOR DEFAULT

- a. Buyer may, by written notice to Seller, cancel all or part of this contract if (i) Seller fails to deliver the Goods within the time specified by this contract or any written extension; (ii) Seller fails to perform any other provision of this contract or fails to make progress, so as to endanger performance of this contract, and, in either of these two circumstances, does not cure the failure within 10 days after receipt of notice from Buyer specifying the failure; or (iii) in the event of Seller's suspension of business, insolvency, appointment of a receiver for Seller's property or business, or any assignment, reorganization or arrangement by Seller for the benefit of its creditors.
- b. Seller shall continue work not canceled. If Buyer cancels all or part of this contract, Seller shall be liable for Buyer's excess re-procurement costs.
- c. Buyer may require Seller to transfer title and deliver to Buyer, as directed by Buyer, any (i) completed Goods, and (ii) any partially completed Goods and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (collectively, "Manufacturing Materials") that Seller has specifically produced or acquired for the canceled portion of this contract. Upon direction from Buyer, Seller shall also protect and preserve property in its possession in which Buyer or its Customer has an interest.
- d. Buyer shall pay the contract price for Goods accepted. Payment for Manufacturing Materials accepted by Buyer and for the protection and preservation of property shall be at a price determined in accordance with the "Termination for Convenience" article of this contract, except that Seller shall not be entitled to profit. Buyer may withhold from any amount due under this contract any sum Buyer determines to be necessary to protect Buyer or Buyer's customer against loss because of outstanding liens or claims of former lien holders.
- e. If, after cancellation, it is determined that Seller was not in default, the rights and remedies of the parties shall be as if the contract had been terminated according to the "Termination for Convenience" article of this contract.

16. ASSIGNMENT, DELEGATION AND SUBCONTRACTING. Seller shall not assign any of its rights or interest in this contract or subcontract or all or substantially all of its performance of this contract, without Buyer's prior written consent. Seller shall not delegate any of its duties or obligations under this contract. Seller may assign its right to monies due or to become due. No assignment, delegation or subcontracting by Seller, with or without Buyer's consent, shall relieve Seller of any of its obligations under this contract or prejudice any of Buyer's rights against Seller whether arising before or after the date of any assignment. This article does not limit Seller's ability to purchase standard commercial supplies or raw materials.

Seller may assign its right to monies due or to become due provided that Boeing may recoup or setoff any amounts covered by any such assignment against any indebtedness of Seller to Boeing, whether arising before or after the date of the assignment or the date of this Agreement, and whether arising out of any such Order or any other agreement between the parties.

The prohibition set forth in this Section 17 includes, without limitation (and the following shall be deemed to be

"assignments"): (i) a consolidation or merger of Seller; (ii) a change in the ownership or voting rights of more than fifty percent (50%) of the issued and outstanding stock of any corporate Seller; (iii) any assignment or transfer which would otherwise occur by operation of law, merger, consolidation, reorganization, transfer or other significant change in corporate or proprietary structure; (iv) the sale, assignment or transfer of all or substantially all of the assets of Seller; and (v) where Seller is a partnership, a change in control in such partnership. Seller shall maintain complete and accurate records regarding all subcontracted items and/or processes. Seller's use of subcontractors shall comply with Seller's quality assurance system approval for said subcontractors. Unless Boeing's prior written authorization or approval is obtained, Seller may not purchase completed or substantially completed Products. For purposes of this section and this section only, completed or substantially completed Products shall not include components of assemblies or subassemblies. No subcontracting by Seller shall relieve Seller of its obligation under the applicable Order. No non-domestic metallic raw materials, composite materials or products, aircraft bearings or designated fasteners, or special processing may be incorporated in a Product unless: (a) Seller uses an approved source identified in the applicable specification or set forth in Boeing Document D1-4426 which is incorporated herein and made a part hereof by this reference or (b) Boeing has surveyed and qualified Seller's receiving inspection personnel and laboratories to test the specified raw materials and/or material process. No waiver of survey and qualification requirements will be effective unless granted by Boeing's Engineering and Quality Assurance departments. Utilization of a Boeing-approved source does not constitute a waiver of Seller's responsibility to meet all specification requirements.

17. PUBLICITY. Without Buyer's prior written approval, Seller shall not, and shall require that its subcontractors at any tier shall not, release any publicity, advertisement, news release or denial or confirmation of same regarding this contract or the Goods or program to which it pertains. Seller shall be responsible to Buyer for any breach of such obligation by any subcontractor.

18. BUYER'S PROPERTY. Seller shall clearly mark, maintain an inventory of, and keep segregated or identifiable all of Buyer's property and all property to which Buyer acquires an interest by virtue of this contract. Seller assumes all risk of loss, destruction or damage of such property while in Seller's possession, custody or control, including any transfer to Seller's subcontractors. Upon request, Seller shall provide Buyer with adequate proof of insurance against such risk of loss. Seller shall not use such property other than in performance of this contract without Buyer's prior written consent. Seller shall notify Buyer's Authorized Procurement Representative if Buyer's property is lost, damaged or destroyed. As directed by Buyer, upon completion, termination or cancellation of this contract, Seller shall deliver such property, to the extent not incorporated in delivered Goods, to Buyer in good condition subject to ordinary wear and tear and normal manufacturing losses. Nothing in this article limits Seller's use, in its direct contracts with the Government, of property in which the Government has an interest.

19. PATENT, TRADEMARK AND COPYRIGHT INDEMNITY. Seller will indemnify, defend and hold harmless Buyer and its customer from all claims, suits, actions, awards (including, but not limited to, awards based on intentional infringement of patents known at the time of such infringement, exceeding actual damages and/or including attorneys' fees and/or costs), liabilities, damages, costs and attorneys' fees related to the actual or alleged infringement of any United States or foreign intellectual property right (including, but not limited to, any right in a patent, copyright, industrial design or semiconductor mask work, or based on misappropriation or wrongful use of information or documents) and arising out of the manufacture, sale or use of Goods by either Buyer or its customer. Buyer and/or its customer will duly notify Seller of any such claim, suit or action; and Seller will, at its own expense, fully defend such claim, suit or action on behalf of indemnitees. Seller will have no obligation under this article with regard to any infringement arising from (a) Seller's compliance with formal specifications issued by Buyer where infringement could not be avoided in complying with such specifications or (b) use or sale of Goods for other than their intended application in combination with other items when such infringement would not have occurred from the use or sale of those Goods solely for the purpose for which they were designed or sold by Seller. For purposes of this article only, the term Buyer will include The Boeing Company and all Boeing subsidiaries and all officers, agents and employees of Boeing or any Boeing subsidiary.

20. CONFIDENTIAL, PROPRIETARY AND TRADE SECRET INFORMATION AND MATERIALS. Buyer and Seller shall each keep confidential and protect from unauthorized use and disclosure all (a) confidential, proprietary and/or trade secret information; (b) tangible items and software containing, conveying or embodying such information; and (c) tooling identified as being subject to this article and obtained, directly or indirectly, from the other in connection with this contract or other agreement referencing this contract (collectively referred to as "Proprietary Information and Materials"). Buyer and Seller shall each use Proprietary Information and Materials of the other only in the performance of and for the purpose of this contract and/or any other agreement referencing this contract. However, despite any other obligations or restrictions imposed by this article, Buyer shall have the right to use, disclose and reproduce Seller's Proprietary Information and Materials, and make derivative works thereof, for the purposes of testing, certification, use, sale or support of any Goods delivered under this contract or any other agreement referencing this contract. Any such use, disclosure, reproduction or derivative work by Buyer shall, whenever appropriate, include a restrictive legend suitable for the particular circumstances. The restrictions on disclosure or use of Proprietary Information and Materials by Seller shall

apply to all materials derived by Seller or others from Buyer's Proprietary Information and Materials. Upon Buyer's request at any time, and in any event upon the completion, termination or cancellation of this contract, Seller shall return to Buyer all of Buyer's Proprietary Information and Materials and all materials derived therefrom, unless specifically directed otherwise in writing by Buyer. Seller shall not, without the prior written authorization of Buyer, sell or otherwise dispose of (as scrap or otherwise) any parts or other materials containing, conveying, embodying or made in accordance with or by reference to any Proprietary Information and Materials of Buyer. Prior to disposing of such parts or other materials as scrap, Seller shall render them unusable. Buyer shall have the right to audit Seller's compliance with this article. Seller may disclose Proprietary Information and Materials of Buyer to its subcontractors as required for the performance of this contract, provided that each such subcontractor first agrees in writing to the same obligations imposed upon Seller under this article relating to Proprietary Information and Material. Seller shall be liable to Buyer for any breach of such obligation by such subcontractor. The provisions of this article are effective in lieu of any restrictive legends or notices applied to Proprietary Information and Materials. The provisions of this article shall survive the performance, completion, termination or cancellation of this contract.

21. FINANCIAL RECORDS AND AUDIT. Seller shall retain all financial records and documents pertaining to the Goods for a period of no less than three years after final payment. Such records and documents shall date back to the time this contract was issued and shall include without limitation, catalogs, price lists, invoices, underlying data and basis for cost estimates, and inventory records. Buyer shall have the right to examine, reproduce and audit all such records related to pricing and incurred costs.

22. RIGHTS OF BUYER'S CUSTOMERS AND REGULATORS TO PERFORM INSPECTION, SURVEILLANCE AND TESTING. Buyer's rights to perform inspections, surveillance and tests and to review procedures, practices, processes and related documents related to quality assurance, quality control, flight safety and configuration control shall extend to the customers of Buyer that are departments, agencies or instrumentalities of the United States Government and to the United States Government Federal Aviation Administration and any successor agency or instrumentality of the United States Government. Buyer may also, at Buyer's option, by prior written notice from Buyer's Authorized Procurement Representative, extend such rights to other customers of Buyer and to agencies or instrumentalities of foreign governments equivalent in purpose to the Federal Aviation Administration. Seller shall cooperate with any such United States Government-directed or Buyer-directed inspection, surveillance, test or review without additional charge to Buyer. Nothing in this contract shall be interpreted to limit United States Government access to Seller's facilities pursuant to law or regulation.

23. GRATUITIES. Seller warrants that neither it nor any of its employees, agents, or representatives have offered or given, or will offer or give, any gratuities to Buyer's employees, agents or representatives for the purpose of securing this contract or securing favorable treatment under this contract.

24. OFFSET CREDITS

- a. To the exclusion of all others, Buyer or its assignees shall be entitled to all industrial benefits or offset credits which might result from this contract. Seller shall provide documentation or information that Buyer or its assignees may reasonably request to substantiate claims for industrial benefits or offset credits.
- b. Seller agrees to use reasonable efforts to identify the foreign content of goods that Seller either produces itself or procures from subcontractors for work directly related to this contract. Promptly after selection of a non-U.S. subcontractor for work under this contract, Seller shall notify Buyer of the name, address, subcontract point of contact (including telephone number) and dollar value of the subcontract.

25. UTILIZATION OF SMALL BUSINESS CONCERNS. Seller agrees to actively seek out and provide the maximum practicable opportunities for small businesses, small disadvantaged businesses, women-owned small businesses, minority business enterprises, historically black colleges and universities and minority institutions, Historically Underutilized Business Zone small business concerns and U.S. Veteran and Service-Disabled Veteran Owned small business concerns to participate in the subcontracts Seller awards to the fullest extent consistent with the efficient performance of this contract.

26. RIGHTS AND REMEDIES.
