

## **Section 6 : QUALITY ASSURANCE CLAUSES / CQAR**

---

### 606. Buyer's Quality Source Surveillance Verification of Seller's First Article Inspection (12/1/97).

(a) First Article Inspection (FAI) or test will be performed by Seller in accordance with Buyer Corporate Quality Assurance Report (CQAR) 16, First Article Inspection Requirements for McDonnell Douglas Corporation Suppliers. When required to perform FAI, Seller will contact Buyer's authorized purchasing representative for the nearest Buyer Quality Source Surveillance Representative (QSSR) if one has not been assigned.

(b) Quantitative results will be documented in a report identified as the "First Article Inspection Report." Seller will notify Buyer's QSSR at least 48 hours in advance to schedule Buyer's surveillance of the FAI. Buyer's QSSR will verify conformity of Seller's FAI, as applicable, and will document results in Seller's FAI Report. One copy of the FAI Report will be retained by Seller as evidence of Buyer's approval of the FAI, and one copy will be forwarded with Seller's shipper to Buyer.
