

## Section 3 : ADMINISTRATIVE CLAUSES

---

### 302. Explosives (10/1/96).

- (a) Seller will tag each deliverable unit prior to packaging and mark each unit package with the item's DOT explosive class, storage compatibility code, DOT article shipping name, net weight of explosive, shelf life, and date of manufacture.
- (b) Prior to shipping any explosive material, Seller will fax destination or telephone and confirm by fax, setting forth this contract number, date of shipment, name of carrier, and bill of lading number for each shipment. For shipments to Huntington Beach, CA, the fax number is (714) 896-3006. Fax numbers for other destinations can be obtained from Buyer's authorized purchasing representative.
- (c) Seller's packing sheet will include, but is not limited to, the following information: Seller's name and address, the DoD explosive classification and DoD storage compatibility group (per DoD 4145.26M), and the number of Seller's Bureau of Alcohol, Tobacco, and Firearms (BATF) license or permit. A copy of the packing sheet will be affixed to the outside of, and another copy will be placed inside of, each shipping container.
- (d) If this procurement is authorized under a Government prime contract and involves ammunition and explosives as defined in DoD FAR Supplement (DFARS) 252.223-7002, Safety Precautions for Ammunition and Explosives, then DFARS 252.223-7002, Safety Precautions for Ammunition and Explosives, and DFARS 252.223-7003, Change in Place of Performance - Ammunition and Explosives, in effect on the date of this contract, are incorporated herein by reference. In the above-referenced clauses, "contract" shall mean this contract, "Contractor" shall mean Seller, and "Contracting Officer," "Offeror," and "Government" shall mean Buyer. In addition, Seller hereby grants to the Government the right of access to review compliance with contract safety requirements. Buyer will also have the right to direct Seller to cease performance of this contract as a result of a serious uncorrected or recurring safety deficiency potentially causing an imminent hazard to DoD personnel or property or performance of this contract.
