

## Section 3 : ADMINISTRATIVE CLAUSES

---

389. EELV/Delta IV Environmental and Hazardous Materials Requirements (1/8/99) (a)Environmental Requirements. Seller's work under this contract will be performed, and goods delivered will operate, within applicable laws and regulations without waivers and will minimize the use and generation of hazardous materials at all sites to include launch and manufacturing sites.

(b)Hazardous Materials Management. Seller's work under this contract will be performed, and goods delivered will operate, without the use of materials designated as Class I Ozone-Depleting Substances (ODSs) in manufacturing, maintenance, launch processing, or system disposal. Seller shall identify, justify, minimize, and/or eliminate requirements for the use of Class II ODSs and EPCRA Section 313 chemicals.
