FASTENER MATERIAL CERTIFICATION

If this contract is for procurement of ASTM, ASME, SAE, MS, BAC, AN or NAS specification fasteners, (bolts, nuts, screws, studs, washers, rivets, pins, etc.), the following requirements apply. Seller shall provide a certification attesting that materials, processes (including applicable inspection processes) and finished items were controlled and tested in accordance with the requirements of this contract and applicable specifications and that such records are on file or that materials used were supplied by Buyer.

The certification shall identify the original manufacturers and their lot numbers for each lot in the shipment. Multiple lots within a shipment shall be kept separate and clearly identified as to the original manufacturers and their lot numbers.

Seller shall include a copy of the certification with the packing sheet for each shipment.
