INTERNATIONAL SPACE STATION (ISS) ELECTRICAL, ELECTRONIC, and ELECTROMECHANICAL (EEE) PARTS

NASA - ISS EEE PARTS MANAGEMENT

EEE parts are defined within NASA specification "SSP30312 – Electrical, Electronic, and Electromechanical (EEE) Parts Management and Implementation Plan for the Space Station Program."

EEE parts shall be procured directly from the manufacturer, whenever possible. When procurement directly from the manufacturer is not possible, or is precluded by program schedule constraints, EEE parts shall be procured from a manufacturer's authorized distributor and shall have lot traceability back to the manufacturer.

Manufacturers' authorized distributors and distributors identified in the Qualified Products List for a given manufacturer are considered approved authorized distributors for that given manufacturer.
