b. Identification and Assertion of Restrictions. Seller shall not deliver or otherwise provide to Buyer's customer, any technical data or computer software with restrictive markings (or otherwise subject to restrictions on access, use, modification, reproduction, release, performance, display, or disclosure) unless the technical data or computer software has been identified in accordance with the following requirements:

1. Pre-Award Identification and Assertion. Seller (including its subcontractors or suppliers, or potential subcontractors or suppliers, at any tier) shall identify all technical data and computer software that is proposed to be delivered or otherwise provided (including all Option CLINs as if the Option was exercised) with less than unlimited rights as follows:

C. Upon request by the Contracting Officer, through Buyer, Seller shall provide sufficient

information to enable the Contracting Officer to evaluate any listed assertions.

c. Specific Identification of Technical Data and Computer Software. When identifying and asserting restrictions on technical data and computer software pursuant to paragraph (b) of this clause, Seller shall-
