a. The policies and procedures outlined herein apply to information submitted by Seller and his subcontractors for approval for public release. Prior to public release, all information must be cleared as shown in the "National Industrial Security Program Operations Manual" (DoD 5220.22-M). At a minimum, these materials may be technical papers, presentations, articles for publication and speeches or mass media material, such as press releases, photographs, fact sheets, advertising, posters, compact discs, videos, etc.

b. All materials which relate to the work performed by Seller under this contract must be submitted to MDA, through Buyer, for review and approval prior to release to the public. Seller and Seller's subcontractor's public information materials must be submitted for approval through Buyer to MDA.

c. Upon request through Buyer, the Contracting Officer's Representative (COR) will provide the MDA Form 003, "Security and Policy Review" or any superseding MDA form. Seller must complete Sections A-C and E-H of the Form 003 (or comply with the instructions of any superseding form) and submit it to Buyer with the materials to be cleared. If the information was previously cleared, provide the Public Release Case Number, if available, and a copy of the previous document highlighting the updated information.

d. Seller must submit the following to Buyer at least 75 days in advance of the proposed release date:

(1) the completed Form 003 and one (1) electronic copy of the material to be reviewed. File size must not exceed 25MB; and,

(2) a written statement, including:

(a) to whom the material is to be released;

(b) the desired date for public release;

(c) a statement that the material has been reviewed and approved by officials of the contractor or the subcontractor, for public release; and,

(d) the contract number.

e. The items submitted must be complete. Photographs must have captions.

f. Outlines, rough drafts, marked-up copy (with handwritten notes), incorrect distribution statements, For Official Use Only (FOUO) information, export controlled, or International Traffic in Arms Regulations (ITAR) information will not be accepted or cleared.

g. Abstracts or abbreviated materials may be submitted if the intent is to determine the feasibility of going further in preparing a complete paper for clearance. However, clearance of abstracts or abbreviated materials does not satisfy the requirement for clearance of the entire paper.

h. The MDA Director of Public Affairs (MDA/PA) is responsible for coordinating the public release review. MDA/PA will work

directly with the COR if there are questions or concerns regarding submissions. MDA/PA will not work with contractors who have not gone through their COR.

i. The COR will notify Buyer of the agency's final decision regarding the status of the request.

j. Once information has been cleared for public release, it is in the public domain and must always be used in its originally cleared context and format. Information previously cleared for public release but containing new, modified or further developed information must be submitted again for public release following the steps outlined in items a. through h. above.

H-09 Organizational Conflict of Interest (JUN 2012).

a. Purpose: The primary purpose of this clause is to aid in ensuring that:

(1) Seller's objectivity and judgment are not biased because of its present or planned interests which relate to work under this contract;

(2) Seller does not obtain unfair competitive advantage by virtue of its access to non-public information regarding the Government's program plans and actual or anticipated resources; and

(3) Seller does not obtain unfair competitive advantage by virtue of its access to proprietary information belonging to others.

b. Scope: Organizational Conflict of Interest (OCI) rules, procedures and responsibilities as described in FAR Subpart 9.5 shall be applicable to this contract and any resulting subcontracts.

(1) The general rules in FAR 9.505-1 through 9.505-4 and the restrictions described herein shall apply to performance or participation by Seller and any of its affiliates or their successors-in-interest in the activities covered by this contract as prime Seller, subcontractor, co-sponsor, joint venturer, consultant, or in any similar capacity.

c. Access to and Use of Nonpublic Information: If Seller, in performance of this contract, obtains access to nonpublic information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, Seller agrees that without prior written approval of the Contracting Officer, obtained through Buyer, it shall not:

(1) use such information for any private purpose;

(2) release such information.

d. Access to and Protection of Proprietary Information: Seller agrees to exercise diligent effort to protect proprietary information from misuse or unauthorized disclosure in accordance with the provisions of FAR 9.505-4. Seller may be required to enter into a written non-disclosure agreement with the third party asserting proprietary restrictions.

e. Subcontracts: Seller shall include this clause in consulting agreements, teaming agreements, subcontracts, or other arrangements for provision of services or supplies of any tier. The terms "contract", "Contractor", "Seller", "Buyer", and "Contracting Officer" shall be appropriately modified to preserve the Government's rights.

f. Representations and Disclosures:

(1) Seller represents that it has disclosed to Buyer, prior to award, all facts relevant to the existence or potential existence of organizational conflicts of interest as that term is used in FAR Subpart 9.5. To facilitate disclosure and Contracting Officer approval, Seller shall complete an OCI Analysis/Disclosure Form for each MDA, Ballistic Missile Defense (BMD), and BMD-related contract or subcontract (form shall be requested from the Buyer if not provided with this Contract).

(2) Seller represents that if it discovers an organizational conflict of interest or potential conflict of interest after award, a prompt and full disclosure shall be made in writing to Buyer. This disclosure shall include a description of the action Seller has taken or proposes to take in order to avoid or mitigate such conflicts.

g. Remedies and Waiver:

(I) For breach of any of the above restrictions or for non-disclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, Buyer may: terminate this contract for default; disqualify Seller from subsequent related contractual efforts if necessary to

neutralize a resulting organizational conflict of interest; and pursue such other remedies as may be permitted by law or this contract. If, however, in compliance with this clause, Seller discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, Buyer may terminate this contract for convenience if such termination is deemed to be in the best interest of the Government or Buyer or take other appropriate actions.

(2) The parties recognize that this clause has potential effects which will survive the performance of this contract and that it is impossible to foresee each circumstance to which it might be applied in the future. Accordingly, Seller may at any time seek a waiver from the Director, MDA, (via Buyer) by submitting a full written description of the requested waiver and the reasons in support thereof.

H-10 ENABLING CLAUSE FOR BMD INTERFACE SUPPORT (APR 2009).

- a. It is anticipated that, during the performance of this contract, Seller will be required to support Technical Interface/Integration Meetings (TIMS) with other Ballistic Missile Defense (BMD) Contractors and other Government agencies. Appropriate organizational conflicts of interest clauses and additional costs, if any, will be negotiated as needed to protect the rights of Buyer, Seller, and the Government.
- b. Interface support deals with activities associated with the integration of the requirements of this contract into BMD system plans and the support of key Missile Defense Agency (MDA) program reviews.
- c. Seller agrees to cooperate with BMD Contractors by providing access to technical matters, provided, however, Seller will not be required to provide proprietary information to non-Government entities or personnel in the absence of a non-disclosure agreement between Seller and such entities.
- d. Seller further agrees to include a clause in each subcontract requiring compliance with paragraph c. above, subject to coordination with Seller. This agreement does not relieve Seller of its responsibility to manage its subcontracts effectively, nor is it intended to establish privity of contract between the Government and such subcontractors.
- e. Personnel from BMD Contractors or other Government agencies or Contractors are not authorized to direct Seller in any manner.
- f. This clause shall not prejudice Seller or its subcontractors from negotiating separate organizational conflict of interest agreements with BMD Contractors; however, these agreements shall not restrict any of the Government's rights established pursuant to this clause or any other contract.

When there is any doubt as to "need to know" for purposes of this paragraph, the Contracting Officer, via the Buyer, or the Contracting Officer's Representative will provide direction. H-29 Commercial Computer Software License (MAR 2013).

a. Unless otherwise approved by the Government (obtained through Buyer), commercial computer software licenses shall, upon delivery and acceptance, designate the U.S. Government as a contingent licensee, able to replace Buyer as the primary licensee upon notifying the licensor. A copy of the negotiated license shall be furnished to the PCO, through Buyer. The terms of the licenses cannot be inconsistent with Federal procurement law and must satisfy user needs. This includes the Buyer's/Seller's/subcontractor's needs for the software to perform this contract and the Government's needs for the software to accomplish the Government's ultimate objectives. At a minimum, this shall include the rights to make an archive copy of the software, to relocate the computer on which the software resides, to re-host the software on a different computer, to permit access by support contractors, and to permit the Government to transfer the license to another contractor.

d. Nothing in this clause shall take precedence over any other clause or provision of this contract. Government concurrence, as defined in paragraph a above, and obtained through Buyer, does not in any way affect the Government's technical data rights as established by the terms and conditions of this contract.

H-36 CONTRACTOR IDENTIFICATION AND ASSERTION OF RESTRICTIONS ON THE GOVERNMENT'S USE, RELEASE, OR DISCLOSURE OF NON-COMMERCIAL TECHNICAL DATA OR COMPUTER SOFTWARE (DEC 2011).

a. Seller and its subcontractors shall provide a completed Attachment in accordance with DFARS 252.227-7017 entitled "Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Technical Data or Computer Software" that is signed

Seller agrees not to withhold delivery of the technical data or software based on its claims. The Government shall investigate the validity of Seller's claims and therefore reserves all its rights regarding the technical data/software in question, to include those rights set forth in: DFARS 252.227-7013, Rights in Technical Data - Noncommercial Items; DFARS 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation; DFARS 252.227-7019, Validation of Asserted Restrictions--Computer Software; DFARS 252.227-7028, Technical Data or Computer Software Previously Delivered To the Government; and, DFAR 252.227-7037, Validation Of Restrictive Markings On Technical Data clauses until a determination is made.

b. Seller shall have, maintain, and follow written procedures sufficient to assure that restrictive markings/legends are used only when authorized by the terms of this contract and shall maintain records sufficient to justify the validity of any restrictive markings/legends on any technical data or computer software or computer software documentation delivered under this contract. Seller agrees that the Government has Unlimited Rights as defined by DFARS 252.227-7013 and 252.227-7014 in any deliverable technical data or computer software or computer software documentation not listed in the Attachment and that such data or software will not be subject to any restrictive markings or legends.

H-43 IMPACT OF GOVERNMENT TEAM PARTICIPATION/ACCESS (JUN 2012).

The Government/Buyer organizational/interface approach (e.g., Integrated Product Teams, Team Execution Reviews, Technical Interchange Meetings, and/or Working Groups), will require frequent, close interaction and/or surveillance between the Government and Buyer/Seller/Seller's subcontractors' team members during contract performance. For this purpose Buyer, recognizing its privity of contract with the Government, authorizes the Government to communicate directly with, and where appropriate visit as well as monitor, Seller or Seller's subcontractors. This access/interface is necessary to support the Government's quality and program management approach which emphasizes systematic surveillance and evaluation techniques used to assess Buyer /Seller performance. Government team members may offer advice, information, support, and facilitate rapid Government feedback on team-related products, provide clarification, and review Buyer/Seller progress; however, the responsibility and accountability for successfully accomplishing the requirements of this contract remain solely with Buyer. Neither Buyer nor Seller (or Seller's subcontractors) shall construe such advice, surveillance, reviews and clarifications by Government team members as Government-directed changes to the terms of this contract. Buyer is the only individual authorized to direct or approve any change to the terms of this contract with Seller.
