e. The Contractor shall be responsible for informing its personnel (hereinafter includes persons employed by the Contractor as an agent, consultant, or subcontractor) of the provisions of this clause and providing original MDA PPBE certifications, "PPBE Non-Disclosure Agreements" (MDA Form 99), to the Contracting Officer within fifteen (15) days after the award of this contract. A "PPBE Non-Disclosure Agreement" shall be obtained from each Contractor employee involved in the performance of this contract that requires access to such data. Each individual shall be required to agree to:

- (1) Read and comply with the applicable provisions of this clause, the non-disclosure agreement, and the provisions of MDA Instruction 7045.01-INS.
- (2) Handle PPBE data as for official use only.

(3) Ensure PPBE data entrusted to them will ONLY be used in accordance with applicable MDA governing regulations, for the purpose for which it was provided, and within the scope of the Statement of Work.

(4) Not divulge PPBE data (obtained directly or indirectly in the performance of this contract unless directed by the Contracting Officer) to any individual, except to Government personnel whom they know to have a "need-to-know" and non-Government person(s) whom they know to have MDA PPBE authorization. Even though data becomes part of the public domain, contractor personnel are bound by the provisions of this clause not to confirm or deny questions regarding PPBE data. Inquiries by unauthorized persons should be referred to the Contracting Officer's Representative or the Contracting Officer. (Verification of contractor personnel authorized access to PPBE data can be obtained only from the Contracting Officer.)

(5) Not transport (by any medium), maintain, or process PPBE data outside a Government facility unless the removal or preparation of such data at the facility is accomplished in accordance with a company's facility plan approved by MDA. (Verification of MDA PPBE-approved contractor facilities and individuals can be obtained from the Contracting Officer.) Authorization to transport PPBE data shall be provided by the Contracting Officer.

(6) Notify the Contracting Officer promptly if any non-Government person(s) or company(s) requests access to PPBE data. f. The Contractor shall be responsible for immediately notifying the Contracting Officer in writing of any changes in its personnel with access to PPBE data, such as departures, new employees, or employees who no longer need access to such data under this contract.

g. Contractor personnel who have been granted access to PPBE data shall process, when possible, such data in Government workspaces using equipment furnished by the Government. However, if a contractor anticipates processing PPBE data in a Government facility on Contractor-owned equipment, prior written approval from the Contracting Officer must be obtained. The Contractor's written request should describe the equipment being used and a brief justification. After approval by the Contracting Officer, the request must be endorsed by the appropriate MDA office before bringing the equipment into the facility:

(1) Information Management and Technology Operations - all information technology equipment to include telefax and reproduction machines.

(2) Facilities, Military Construction, and Environmental Management ` all other equipment and furniture.

h. Processing PPBE data at the Contractor's facility shall be performed only when absolutely essential and processing in Government workspaces is impractical. Prior to the processing of any such data outside of a Government facility or removal of PPBE data from a Government facility, the Contractor shall submit a written plan to the Contracting Officer outlining the procedures for maintaining and safeguarding such data at its facility. The Contractor shall submit its own plan or a plan which meets the general requirements identified in MDA Instruction 7045.01-INS. The plan shall be approved in writing by the Contracting Officer prior to removal of any PPBE data from a Government facility or the processing of any such data in the contractor's facility. A Contractor may submit a separate plan for each of its facilities that need to maintain such data or one plan as long as any differences between the procedures followed at each facility are clearly distinguishable in the plan. If an agent, consultant, or subcontractor requires the processing of PPBE data at its facility(s), they also must submit a separate facility plan through the prime Contractor for approval by the Contracting Officer.

NOTE: A plan is not required for Contractor personnel who have been given prior access to PPBE data to transport, process, or maintain such data at a Government or an MDA-approved contractor facility. (Verification of MDA approved Contractor facilities and authorized personnel can be obtained only from the Contracting Officer.)

i. If the Contractor is not required to process PPBE data at its facility(s), the contractor shall inventory all Government documents in its possession. The contractor shall notify the Contracting Officer in writing of such documents and request the method of document disposal. If the requirement to process such data at the contractor's facility(s) changes in the future, compliance with paragraph h above shall be required.

j. The Contractor shall provide training for all employees who require access to PPBE data on the proper handling and disclosure of such data. The contractor shall be responsible for ensuring that persons in their employment that have been granted access to PPBE data understand the consequences of divulging such data. Revealing PPBE data to unauthorized

persons may provide other companies with an unfair advantage in future competitions or jeopardize national security interests.

k. In the event the Contractor or any of its employees, agents, subcontractor employees, or consultants fail to comply with the provisions of this clause, such noncompliance shall be deemed a material breach of the contract for which the Government reserves the right to terminate the contract for default and/or resort to such other rights and remedies, as provided for under this contract or under Federal laws. Noncompliance with the provisions of this clause may also adversely affect the evaluation of a Contractor's reliability in future acquisitions.
