Invoice Payment Requirements

Payments. Payments are made from "original" invoices only. Fax copies, copies of invoices or statements will not be accepted. "Duplicate original" invoices must not be sent without prior authorization from either your purchasing agent or accounts payable. Duplicate original invoices, altered invoices or computer prints of invoices not on your company letterhead must be signed and dated with full signature of the appropriate manager from your company. Initials will not be accepted. Third party billing is not allowed.

Payment Terms. Determination of payment due date, whether under net or discount terms, will be based on the latest of (i) the date goods are received or services performed; (ii) the date provided in this contract for receipt of goods or completion of services; or (iii) the date an accurate invoice is received in accounts payable. Payments are not scheduled based upon the date of your invoice. Payment will be deemed to have been made when deposited in the mail.
