The foregoing indemnity shall apply only to the extent of the negligence of Seller, any subcontractor thereof, or their respective employees. In no event shall Seller's obligations hereunder be limited to the extent of any insurance available to or provided by Seller or any subcontractor thereof. Seller expressly waives any immunity under industrial insurance, whether arising out of statute or source, to the extent of the indemnity set forth in this paragraph (A).

b. Commercial General Liability. If Seller or any subcontractor thereof will be performing work on Buyer’s premises, Seller shall carry and maintain, and ensure that all subcontractors thereof carry and maintain, throughout the period when work is performed and until final acceptance by Buyer, Commercial General Liability insurance with available limits of not less than one million dollars ($1,000,000) per occurrence for bodily injury and property damage combined. Such insurance shall contain coverage for all premises and operations, broad form property damage, contractual liability (including, without limitation, that specifically assumed under paragraph (A) herein) and goods and completed-operations insurance with limits of not less than one million dollars ($1,000,000) per occurrence for a minimum of 24 months after final acceptance of the work by Buyer. Such certificates shall be kept current and in compliance throughout the period when work is being performed and until final acceptance by Buyer, and shall provide for 30 days advance written notice to Buyer in the event of cancellation. Failure of Seller or any subcontractor thereof to furnish Certificates of Insurance, or to procure and maintain the insurance required herein or failure of Buyer to request such certificates, endorsements or other proof of coverage shall not constitute a waiver of the respective Seller's or subcontractor's obligations hereunder.

f. Self-Assumption. Any self-insured retention, deductibles and exclusions in coverage in the policies required under this article shall be assumed by, for the account of and at the sole risk of Seller or the subcontractor which provides the insurance and to the extent applicable shall be paid by such Seller or subcontractor. If Seller is a "Foreign Person" (as defined by the International Traffic in Arms Regulations [ITAR] reference 22 CFR Sub-chapter M) the Seller shall, upon request of Buyer’s Procurement Agent and without additional cost, provide such information as may be necessary to support Buyer’s application for export license(s) covering any items ordered from Seller hereunder.

b. This Contract may contain defense related technical data. Buyer has obtained, or will obtain, the approval of the U.S. Government to furnish to Seller the data, and any other items hereunder requiring such approval, which are necessary for Seller to perform this Contract. U.S Government approval is based upon the following ITAR requirements with which Seller agrees to comply:

(1) Seller shall use the technical data furnished by Buyer only in the manufacture of defense articles in accordance with this Contract.

(2) Seller shall not disclose or provide technical data furnished by Buyer to any person except authorized U.S. citizen, intending citizen, permanent resident alien (immigrant alien). 14. BUYER APPROVALS

Seller agrees that any and all Buyer approvals of Seller's technical and quality specifications, drawings, plans, procedures, and reports shall neither relieve Seller from Seller's obligations to perform all of the requirements of this contract nor be used as conclusive evidence of Seller’s compliance with such requirements.

15. REPRESENTATIONS AND CERTIFICATIONS

(This article applies only if this contract is a subcontract under a U.S. Government prime contract.)

This article includes representations and certifications that Buyer generally is required to obtain from Seller in order to comply with various provisions of Buyer’s Government contracts. They have been stated in such a way as to allow Seller’s acceptance of this contract to serve as representations and certifications that will present no bar to Buyer’s award of this contract. If, upon receipt of a solicitation that precedes a contract that will incorporate these terms and conditions, Seller believes Seller is not prepared to make these representations and certifications,
Seller will so notify Buyer as part of Seller’s response to the solicitation. The Seller shall provide immediate written notice to the Buyer’s Authorized Purchasing Representative if, at any time prior to contract award or during contract performance, the Seller learns that the Seller’s certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
