Identification/Marking of Technical Data

Technical data (as defined in the "Rights In Technical Data and Computer Software" clause of this contract) delivered under this contract (except drawings) shall be marked with the number of the buyer's prime contract with the Government, the number of this purchase contract, name of seller, and name of any seller's subcontractor who generated the data. Seller shall not be required to renumber any data under this contract solely for the purpose of removing an existing contract number and inserting the number of buyer's prime contract with the Government.
