

**Product Quality Deficiency Report (PQDR) Status Reports**

1. Supplier shall contact their local DCMA representative to witness opening of the shipping container and notify Buyer upon receipt of PQDR exhibit. Supplier will submit written Status Reports to the Buyer beginning twenty (20) days after receipt of this Purchase Contract or Purchase Contract Change and each thirty (30) days thereafter, until one (1) month prior to the exhibit completion and/or request for return shipment.

Status report should include the following:

- PQDR #:
- Exhibit Received date:
- Current status of the investigation and CA efforts-:
- Any available test data:
- Any complications with the exhibit:
- Estimated Complete Date:

2. Supplier shall provide Buyer the written results of the investigation findings upon completion, including...

- validation of reported deficiency,
- cause and responsibility for deficiency,
- corrective and preventative action taken or planned, and
- Seller position with respect to rework or replacement of the nonconforming material.
